Holly,

Please proceed with scheduling and performing the sampling activities as soon as possible, following the SAP you submitted. Please coordinate dates with EPA for oversight. I plan to ask Mathew Plate to do the oversight, if his schedule allows, as he has done that in the past.

I will ask you to do a few editorial corrections to the SAP but this editorial revision do not interfere and shall not delay the field activities.

Let me know If you are available for a quick call (30 min the most) tomorrow (1/19) after 2:30 PM, or Friday (1/20) between 10 AM – 2PM, and I can walk you through the editorial corrections to issue a final approval letter.

Thank you,
