**To:** Showman, John <Showman.John@epa.gov>
**Subject:** V/V

It seems like the documentation is what was in the template communications—the application period window-- which was reiterated in multiple senior leadership messages to employees.

General Notice to All Employees in AA-ship/Region

**Insert Date**

**MEMORANDUM**

**SUBJECT:** Voluntary Early Retirement Authority and Voluntary Separation Incentive Payment Opportunities

**FROM:** Insert Name
Insert Title (Assistant or Regional Administrator)

**TO:** All Insert Region or AAship Employees

This is a follow-up to Acting Deputy Administrator Mike Flynn's messages last month to all agency employees regarding Voluntary Early Retirement Authority and Voluntary Separation Incentive Payment opportunities. I am pleased to let you know that the U.S. Office of Personnel Management and the U.S. Office of Management and Budget have approved our request to offer VERA/VSIP opportunities to a limited number of EPA employees.

An employee whose position is in the VERA/VSIP pool will be receiving a separate letter from me. The letter will provide specifics on the application process; please be aware the application period opens on July 12, 2017 and closes at 11:59 p.m. Eastern standard time on July 26, 2017. Employees must depart the agency by September 2, 2017.

The decision to take advantage of a VERA or VSIP is entirely voluntary. This is a very personal decision and no one is required to accept an offer. Employees are urged to carefully consider the information provided and

their personal situation prior to deciding. Please contact {Insert RHRO or PMO} with any questions you may have about our VERA/VSIP.

**Subject:** V-V Flexibility for OECA

**Hi Loretta, as you know, OECA included the following language requesting flexibility among job families in our V-V Business Case:**

> **NOTE:** Given the pool of available candidates, if OECA does not receive applicants at the numbers outlined in the Targeted Positions Template, we request the flexibility to increase (or decrease) the number in one or the other category, as long as our total does not exceed 51. This would be implemented by adhering to the selection criteria for each job category and then adjusting other categories where appropriate to meet overall target levels.

**We currently stand at 47 applicants against the max of 51 total offers. Some of our series received more applicants than the max offers identified for that series but we would like to proceed with offers to all eligible applicants, regardless of series. Is there anything we need to do to affirmatively implement this provision? Do we need to let the SSC know?**

**Attachment 2**

## Summary of Lessons Learned from OPM/OMB Post 2013 VERA/VSIP Submittals

General Comments:

- Remember to only target positions that will be eliminated or changed in some way (different series, lower grades, different skill sets).
- Remember you cannot backfill a targeted position vacated by VERA/VSIP with a position having the same grade/function.
- When referring to rehiring, be mindful not to use references that could be misinterpreted as pre-selection such as "filled internally only through merit promotion procedures."
- The justification for targeting positions through VERA/VSIP cannot be to provide promotional opportunities for remaining staff.
- VERA/VSIP cannot be used to account for "expected" reductions in FTE levels or budget. If the FTE levels or budget are not enacted, it is necessary to identify the source of the FTE levels and/or budget.
- Focus on positions when addressing skill sets: write about the skill sets needed for the position/skill sets of the current position, not the skill sets of the current incumbent. Focus on reshaping positions.
- If addressing "strategic goals" explain what those are.
- Targeting continuing or mandatory jobs (HR Officer, Budget Officer, etc.), SES, and direct-hire positions will require further explanation. Remember, if targeted, the position has to change in some way and cannot be refilled with the same grade/functions (i.e., abolishing or restructuring the position, returning an SES slot).
- Unless abolishing an organization, targeting all or the majority of positions within the organization will result in additional OPM scrutiny of the VERA/VSIP justification.
- **The template questions (Section 5) are the most important part from OPM's perspective.** Answer the questions and answer them once. The other sections should help build your business case, but focus on Section 5. Keep the template questions in mind when writing these sections. No need to repeat information (can refer to previous information).
    - Question #3 and #4: use "see attached chart" if the information is the same for both. All charts that are related should match in information (numbers and text)…therefore, limit the charts. Concentrate on the Targeted Positions/Maximum Approval Chart.
    - Question #12 is about the number of involuntary actions you will expect to take if you **don't** have VERA/VSIP to assist you with your situation. Simply state a number: "150 involuntary actions." Don't include vacancies/hires in the total numbers, only encumbered positions. Don't include voluntary actions.

- Watch out for contradictions in justification.
- Include language about reviews/analysis conducted by the agency/program office on workforce/positions/needs.

OPM's Best-Rated VERA/VSIP Submittals:

- **Region 4** (targeting)
- **OA** (explanations of actions to be taken in each office)

Other Good Submittals from OPM's Perspective:

- **Region 6** documented what they did (see page 6 "conducted a review…").
- **AO** explained how the organization would operate without the eliminated positions and functions (template question #6).
- **Region 9** explained the need to consolidate attorney positions.
- **Region 5** defined needed skill sets: specialist to generalist.

OMB Perspective:

- Focused on the numbers (FTEs, budget neutrality, costs and savings): make sure calculations add up and make sense from a budgetary standpoint.
- Focused on targeted and new FTEs/positions: how are you going to continue your mission, the number of and where the reductions are located, where the new/restructured positions are located.
- If program/function cuts across region/headquarters, will need to show that agency-level impacts have been considered.

UNITED STATES ENVIRONMENTAL PROTECTION AGENCY
WASHINGTON, D.C. 20460

MAY 12 2014

OFFICE OF ADMINISTRATION AND RESOURCES MANAGEMENT

**MEMORANDUM**

**SUBJECT:** Next Opportunity for VERA/VSIP Proposals

**FROM:** Craig E. Hooks, Assistant Administrator

**TO:** General Counsel
Assistant Administrators
Inspector General
Chief Financial Officer
Chief of Staff
Associate Administrators
Regional Administrators

As you know, we recently completed our first round of agencywide, Voluntary Early Retirement Authority and Voluntary Separation Incentive Payment activities, also referred to as early outs and buyouts. All employees participating in the first round were required to separate from the agency by April 4, 2014.

For those organizations that did not participate in the first round and those that are interested in pursuing a second round of early outs/buyouts, please see the attached timeline which outlines major actions and completion dates. Note that in contrast to the schedule for round one, this timeline allows for a preliminary "informal" package review by the U.S. Office of Personnel Management and Office of Management and Budget, providing offices with additional time for package refinements based on OPM and OMB comments.

I am also attaching a summary of "lessons learned" based on our debrief with the OPM in February. The summary provides OPM's perspective on EPA's best VERA/VSIP submittals from the first round as well as general comments for strengthening proposals.

We recently provided the unions with an initial briefing on the second round of VERA/VSIP offerings. We will continue to work with our union partners throughout this process. Similar to the first round, the Office of Human Resources' Tiger Team will be available to meet with your office and provide workforce data and advice throughout the development of your VERA/VSIP submittal. Please contact Susan Kantrowitz, director, Office of Human Resources, by May 15, 2014, if you are interested in participating in round two. Susan can be reached at (202) 564-4606 or kantrowitz.susan@epa.gov. Thank you in advance for your continued support.

Attachments:

2. Summary Lessons Learned

cc: Deputy Assistant Administrators
Deputy Regional Administrators
Assistant Regional Administrators
Program Management Officers
Regional Human Resources Officers

**Attachment 1**

**Estimated Implementation Timeline**
**Voluntary Early Retirement Authority/Voluntary Separation Incentive Payment**
**Employees Separating November 2014 – January 2015**

| Action | Estimated Completion Date for Employees Separating Beginning November 2014 |
|---|---|
| Inform OHR director of intention to participate in round two | May 15, 2014 |
| Submit draft justification for VERA/VSIP to OHR for review and comments | May 30, 2014 |
| Submit final justification to OHR | June 24, 2014 |
| Obtain Deputy Administrator's preliminary approval | June 30, 2014 |
| Submit request informally to OPM/OMB for review and initial feedback | June 30, 2014 |
| Receive OPM/OMB's informal "approval" | August 6, 2014 |
| Obtain agency-level signatures | August 21, 2014 |
| Submit official request to OPM/OMB for approval | August 21, 2014 |
| Receive OPM/OMB's official approval | September 24, 2014 |
| First effective date for employee separations | November 28, 2014 (pay period ending 11/29/14) |
| Last effective date for employee separations | No later than January 9, 2015 (pay period ending 01/10/15) |

**Subject:** Question on VERA/VSIP

I'm being told that OCFO has released the names of the applicants for VERA/VSIP to the various programs/regions and is asking that we do payroll and leave estimates on them. I want to be sure this is a request that we have been given the green light to reply to. I had been keeping the names of the applicants confidential as they may choose to withdraw, and eligibility has not even been determined yet. If we are ok to do this, fine, but just seemed odd.

Pat Vaughan

## VSIP

When an agency has received approval from OPM to offer VSIPs, any employee (as defined in 5 U.S.C. 2105) who meets these general eligibility requirements may receive an offer. The employee must:

1. Be serving in an appointment without time limit;
2. Be currently employed by the Executive Branch of the Federal Government for a continuous period of at least 3 years;
3. Be serving in a position covered by an agency VSIP plan (i.e., in the specific geographic area, organization, series and grade);
4. Apply for and receive approval for a VSIP from the agency making the VSIP offer; and
5. Not be included in any of the ineligibility categories listed below.

Employees in the following categories are not eligible for a VSIP:

1. Are reemployed annuitants;
2. Have a disability such that the individual is or would be eligible for disability retirement;
3. Have received a decision notice of involuntary separation for misconduct or poor performance;
4. Previously received any VSIP from the Federal Government;
5. During the 36-month period preceding the date of separation, performed service for which a student loan repayment benefit was paid, or is to be paid;
6. During the 24-month period preceding the date of separation, performed service for which a recruitment or relocation incentive was paid, or is to be paid; and
7. During the 12-month period preceding the date of separation, performed service for which a retention incentive was paid, or is to be paid.

## VERA

To be eligible to retire under VERA, an employee must:

(1) Meet the VERA minimum age and service requirements (i.e., the employee has completed at least 20 years of creditable service and is at least age 50, or has completed at least 25 years of creditable service regardless of age);

The minimum age and service requirements are set by statute in 5 U.S.C. 8336(d)(2) for CSRS employees, and in 5 U.S.C. 8414(b)(1) for FERS employees. OPM has no authority to waive either the minimum age or service requirement for VERA eligibility.

(2) Have been continuously employed by the agency for at least 31 days before the date that the agency initially requested OPM approval of VERA;

(3) Hold a position that is not a time-limited appointment;

(4) Have not received a final removal decision based upon misconduct, or unacceptable performance;

(5) Hold a position covered by the agency's VERA; and

(6) Retire under the VERA option during the agency's VERA window.

# Workforce Reshaping: Early-Outs/Buy-Outs

## BACKGROUND

***Voluntary Early Retirement Authority (VERA)*** provides agencies the option to offer voluntary early retirement that are undergoing substantial restructuring, reshaping, downsizing, transfer of function, or reorganization. It is an option for increasing voluntary attrition – provides an incentive for employees to voluntarily retire or resign and could provide placement opportunities for employees occupying surplus positions.

***Buy-Out or Voluntary Separation Incentive Payment (VSIP) Authority*** allows agencies that are downsizing or restructuring to offer employees lump-sum payments up to $25,000 as an incentive to voluntarily separate. An agency may offer VSIP to employees who are in surplus positions or have skills that are no longer needed in the workforce who volunteer to separate by resignation, optional retirement, or by voluntary early retirement.

## REQUIREMENTS

EPA has held discussions with OPM about developing the required business case that outlines our plan for achieving reductions. The business case includes:

- Justification for request
- Data on the targeted population (targeted positions will be eliminated or restructured; positions critical to the agency should not be included in the targeted population)
- Before and after organizational charts, as applicable
- Time period the incentives are available
- Anticipated budget impact
- Anticipated employee interest
- The maximum number of buy-outs to be offered
- Information about how the organization will operate without the eliminated or restructured positions and functions.

OPM and OMB approval is required and approval generally takes 4-6 weeks and will stipulate a period of time during which the agency can offer the two incentives.

## TIMELINE

A minimum of four months is required to complete the VERA/VSIP process. EPA will look to limit the number of business cases to help expedite the process. Tentative plan of submitting business case to OPM/OMB in May 2017 could result in employee departures from agency rolls by the end of September 2017.

1. Develop Business Case (45-60 days – complete by May 2017)
    - Obtain retirement data and estimate costs
    - Develop business case in collaboration with OPM and OMB (i.e., identify positions targeted and explain how agency will meet its mission needs)
    - Notify unions

2. OPM/OMB Review/Approval (30-45 days – by June 2017)

3. Implementation/Separations (60-90 days --- July – September 2017)
    - Notify unions of OPM approved plan
    - Issue employee notifications
    - Separations

**CURRENT RETIREMENT ELIGIBILITY OF EPA EMPLOYEES**

Of 15,053 permanent employees:

3,186 are currently eligible to retire now;
3,788 are VERA eligible; and
13,618 are VSIP eligible.

**RESULTS FROM 2014/2015 V/V EFFORTS**

In 2014 we targeted 5,828 positions and the maximum number to be approved was 1,365. Total departures were 456 employees which is 7.82% of what was targeted and 33.4% of what we agreed to approve.

In 2015 we targeted 2,095 positions and the maximum number for approval was 587. Total departures were 196 (9.36% of the targeted number and 33.4% of what we agreed to approve.)

Total departures for both years was 652 employees.

# Voluntary Early Retirement Authority (VERA)
# Voluntary Separation Incentive Payment (VSIP) Authority
# FREQUENTLY ASKED QUESTIONS

**Disclaimer:** The questions and answers are intended to provide very general information about the VERA/VSIP authorities. You should not rely on this summary as a sole source of information. You should direct additional questions to the Office of Human Resources, Policy, Planning and Training Division.

**1. What is VERA**

It allows agencies that are undergoing substantial restructuring, reshaping, downsizing, transfer of function, or reorganization to temporarily lower the age and service requirements in order to increase the number of employees who are eligible for retirement. The authority encourages more voluntary separations and helps the agency complete the needed organizational change with minimal disruption to the work force.

**2. Who is eligible for VERA?**

It applies to employees covered under both the Civil Service Retirement System and the Federal Employees Retirement System.

The employee must:

1. Meet the minimum age and service requirements -
    - At least age 50 with at least 20 years creditable Federal service, OR
    - Any age with at least 25 years creditable Federal service;
2. Have served in a position covered by the OPM authorization for the minimum time specified by OPM (usually 30 days prior to the date of the agency request);
3. Serve in a position covered by the agency's VERA plan; and
4. Separate by the close of the early-out period.

**3. What is VSIP?**

It allows agencies that are downsizing or restructuring to offer employees lump-sum payments up to $25,000 as an incentive to voluntarily separate.

**4. Who is eligible for VSIP?**

The employee must:

1. Be serving in an appointment without time limit;
2. Be currently employed by the Executive Branch of the Federal Government for a continuous period of at least 3 years;
3. Be serving in a position covered by an agency VSIP plan (i.e., in the specific geographic area, organization, series and grade);
4. Apply for and receive approval for a VSIP from the agency making the VSIP offer; and

ED_001372_00007867-00001

5. Not be included in any of the ineligibility categories listed below.

Employees in the following categories are not eligible for a VSIP:

1. Are reemployed annuitants;
2. Have a disability such that the individual is or would be eligible for disability retirement;
3. Have received a decision notice of involuntary separation for misconduct or poor performance;
4. Previously received any VSIP from the Federal Government;
5. During the 36-month period preceding the date of separation, performed service for which a student loan repayment benefit was paid, or is to be paid;
6. During the 24-month period preceding the date of separation, performed service for which a recruitment or relocation incentive was paid, or is to be paid; and
7. During the 12-month period preceding the date of separation, performed service for which a retention incentive was paid, or is to be paid.

**5. May I offer only VERA or only VSIP?**

Yes; however, offering one without the other may limit the number of employees willing to leave.

**6. What information does OPM need to make a decision on the agency's request?**

The law is very specific on the kinds of information that agencies need to provide in order for their request to be evaluated. This includes (but is not limited to): identification of which agency components have excess personnel and will be covered by the incentive; which positions and functions will be reduced or eliminated; the time period during which incentives will be offered and the numbers of employees covered. In the case of VSIP, additional detailed information is needed to understand the expected changes from the agency's current structure and staffing levels, to the future/desired state to be achieved through the use of the incentives. Please visit [ HYPERLINK "http://www.opm.gov/reshaping" ] for more information.

**7. Can the agency get approval to offer a VERA and/or VSIP based on an anticipated scenario (e.g., a possible budget shortfall or possible reorganization requiring additional approval)?**

A VERA and/or VSIP can only be authorized when an agency is responding to a known decision or circumstance (vs. an uncertain or possible scenario). Note that decisions made under an agency head's authority to reorganize, re-prioritize, reduce, etc., are a valid basis for requesting VERA and/or VSIP.

**8. Do I have to offer VSIP only to employees who are early or regular (optional) retirement eligible?**

No. VSIP can be offered employees who are not VERA or optional retirement eligible. Managers are focusing on positions, not people. The targeted position must be restructured or eliminated[1] which is not dependent on the retirement status of the incumbent. An incumbent who isn't early or optional retirement eligible who accepts a buy-out would resign.

**9. What will be the amount of the VSIP?**

[1] Unless it is a designated safe position. Please see questions #16 and #17 below.

ED_001372_00007867-00002

Eligible employees accepting the VSIP will receive the lesser of two amounts:

- $25,000; or
- The equivalent of the amount that the employee would be entitled to receive under involuntary separation severance pay rules.

**NOTE:** For severance pay, an employee is entitled to one week of basic pay for each year of service up to the first 10 years, plus 2 weeks basic pay for each year of service beyond 10 years. In addition, an age adjustment allowance of 2.5% is added for each full quarter of a year that an employee is over 40 years of age. The maximum amount of severance pay is one year's salary.

**10. How must organizations pay for VSIPs?**

An agency may pay a VSIP only from appropriations or funds available for the basic pay of the employee who separates for the incentive.

**11. Are there any positions which are exempt from VERA/VSIP targeting?**

Any position may be targeted for elimination or restructuring in alignment with the organization's reshaping/reduction/delayering efforts. However, OPM will require additional information for the following positions:

- Continuing or mandatory jobs (HR Officer, Budget Officer, etc.);
- SES positions; and
- Direct-hire positions (i.e., 1102 Contracting Specialist, 2210 IT *Security* positions)

**12. Is the organization required to offered VERA/VSIP broadly? Can the organization make offers to certain subcomponents and not others?**

The organization can target broadly or narrowly based upon its current, known reshaping needs. The organization may also make offers to certain subcomponents but not others. Remember, VERA and VSIP are position-focused initiatives. If positions are appropriately structured for the organization's current needs, there is no need to target those positions.

**13. What format should offices use for the org charts?**

PowerPoint. The org charts should go down to the appropriate level to illustrate the organization's current and proposed organization.

**14. What is a restructured position?**

If the position is vacated under VERA/VSIP, the organization must do one of the following before refilling the position[2]:

- Change from supervisory to non-supervisory.
- Decrease the grade and/or full performance level.
- Change the series of the position.

[2] Unless it is a designated safe position. Please see questions #16 and #17 below.

ED_001372_00007867-00003

- Significantly change the duties of the position (i.e., the incumbent who vacated could not be expected to learn how to perform these new duties within a reasonable amount of time. The servicing Human Resources Shared Service Center will determine if the change in duties are significant).

**15. Does an organization need to submit a proposed PD to OPM if a targeted position is going to be restructured but will remain the same series and grade (or FPL)?**

No. The program must provide details about the proposed changes to the position in the business case. It is the agency's responsibility to ensure proper restructuring of the position takes place if vacated.

**16. What is a "safe position" as mentioned in OPM's VERA and VSIP guidance?**

These are positions that are not the main focus for reduction/restructuring/elimination, but which are included in the VERA/VSIP offering only to the extent that they may provide a placement for an employee whose position will be reduced/restructured/eliminated. Basically, it's a flexibility that allows the agency to cast a wide net to encourage voluntary attrition while still meeting the elimination/restructuring requirements of the VERA/VSIP authorities. This option assumes the employees who remain would meet the qualifications for the safe positions. Positions identified as "safe positions" do not have to be restructured if vacated. An employee in a targeted position that is *not* identified as a "safe position" should be reassigned into this position. The organization's business case must identify and explain any "safe position" plans.

Examples

*The organization needs to eliminate and/or restructure five, GS-343-11/12 positions in Division A: Branches B and C. The manager offers V-V to all GS-343-11/12 positions in the organization. Five people across the organization accept V-V and separate. Division A then reassigns any surplus employees remaining in Branches B and C and eliminates/restructures five positions.*

*An HR organization will be restructuring to reduce staffing and recruitment capacity while increasing capacity in the benefits and retirement areas. V-V can be offered to employees in Staffing and Recruitment AND Benefits and Retirement so that the agency can then move any remaining excess staffing/recruitment specialists into benefits and retirement positions vacated through V-V (for purposes of the example assume qualifications are not an issue).*

*A scientific organization focusing on Superfund Site Remediation is a safe organization, but the office will be reducing capacity and restructuring another organization where staff are in similar occupations with similar qualifications. This will result in the elimination of several supervisory positions in the latter organization. V-V can be offered to supervisors in both organizations, eliminating those that vacate in the latter, and moving supervisors who remain from the affected organization to any slots vacated in the Remediation group that is going to remain as is.*

**17. I'm still confused about safe positions. Please provide more information.**

Organizations are focusing on positions that must be restructured, reduced or eliminated. As such, direct backfills (i.e., no change to the position) if a position is vacated under VERA or VSIP aren't allowed. However, OPM recognizes that VERA and VSIP are voluntary attrition authorities and that not every employee in a targeted position is able/wants to retire and/or resign. As with other federal workforce

ED_001372_00007867-00004

restructuring authorities (e.g., RIF), the agency has the ability to [ HYPERLINK "https://www.opm.gov/policy-data-oversight/workforce-restructuring/summary-of-reassignment/" ] employees to minimize the impact of its restructuring efforts.

Thus, the "safe position" flexibility allows the agency to meet its restructuring goals while minimizing the impact on some employees. Unlike the other positions that are targeted in a VERA/VSIP request, the "safe position" does not have to be restructured. Its sole purpose for inclusion is to be used as a placement position for an impacted VERA/VSIP employee whose position *must* be restructured or eliminated once vacated. Organizations do not have to designate "safe positions" in their requests. There must be a reasonable expectation the impacted employee(s) would qualify for the "safe position" identified. For example, it would not make sense to designate a 1301 position as a "safe position" if the impacted employee whose position must be restructured is a 343 or 301. Please note, the use of competitive procedures to fill a vacated "safe position" is inappropriate under these circumstances. Organizations should consult their servicing Human Resources Shared Service Center for guidance on reassignments, qualifications or other staffing matters.

Example

*Bob is a GS-343-13 in office A. Betty is a GS-343-13 in office B. Each could qualify for the other's position. The organization must restructure or eliminate the GS-343-13 position in office B. Betty doesn't want to take a VERA and/or VSIP. Bob will gladly take the VERA/VSIP and retire. The organization designates Bob's position as a "safe position" in its request. Bob separates. Betty is reassigned to office A. Office B then restructures the GS-343-13 position by changing the series/grade to a GS-1301-12.*

In this simplified scenario, the agency needed to restructure the GS-343-13 in office B but included the similar position in office A to increase the likelihood of attrition and provided a safe harbor for an incumbent.

Hi Debbi – this level of detail should be sufficient for us. If there's an element here that may be particularly onerous or time-consuming for your team, let me know and we can consider alternatives.

Have a great weekend.

**From:** Hart, Debbi [mailto:Hart.Debbi@epa.gov]
**Sent:** Thursday, April 13, 2017 12:28 PM

**To:** Mulligan, James S. Ex. 6 - Personal Privacy
**Subject:** EPA Workforce Info

Hello James-

Good to chat with you again. Can you please take a look at the costing info below (from one of our previous approved V/V proposals) and confirm that it contains sufficient cost information from your perspective? (If it can be trimmed, please feel free to make a suggestion. ☺) Thanks-- Debbi

The following tables detail calculations showing how OCFO has assured budget neutrality in the proposal for FY 2014. The direct maximum costs associated with VERA and VSIP is $977,860. Table A provides details of the direct costs associated with VERA and VSIP. Savings projected through FY 2016 as a result of the VERA and VSIP are estimated to be $4,822,992. Table B provides the detailed calculations of the savings achieved in FY 2014, FY 2015, and FY 2016. The savings will be used to meet OCFO's ongoing program goals and responsibilities.

## Direct Costs

| Table A - Direct Costs for VERA/VSIP | | |
|---|---|---|
| 25 | Targeted Positions for VSIP x $25,000 (maximum cash buy-out) | $ 625,000 |
| | Annual Leave Buyout for 25 Targeted Positions for VERA, Optional Retirement or Resignation ($58.81 per hour x 240 X 25) | $ 352,860 |
| | **Total Maximum Direct Costs** | **$ 977,860** |

## Estimated Savings

| Table B: Estimated Savings for FY 2014 through FY 2016 | FY 2014 Payroll[1] | Estimated FY 2014 Savings | Estimated FY 2015 Savings | Estimated FY 2016 Savings |
|---|---|---|---|---|
| A. Pre-VERA/VSIP Annual Payroll Cost | $39,466,790 | $ 39,466,790 | $ 39,466,790 | $ 39,466,790 |
| B. Payroll Savings for 25 VERA/VSIP Targeted Positions (4/4/2014 Buyout)[2] | | $ (1,972,997) | $ (3,945,994) | $ (3,945,994) |
| C. Working Capital Fund Savings[3] | | $ (87,500) | $ (175,000) | $ (175,000) |
| D. VSIP Buyout ($25,000 x 25) | | $ 625,000 | | |
| E. Leave Payout Estimate ($58.81 x 240 hours x 25)[2] | | $ 352,860 | | |
| F. Payroll for 15 New Hires (4/7/2014 Start) | | $ 847,827 | $ 1,695,654 | $ 1,695,654 |
| G. Working Capital Costs for 15 New Hires | | $ 52,500 | $ 105,000 | $ 105,000 |
| H. Post-VERA/VSIP Annual Payroll Cost | | $ 39,284,480 | $ 37,146,449 | $ 37,146,449 |
| Projected Savings with VERA/VSIP | | $ (182,310) | $ (2,320,341) | $ (2,320,341) |

[1] Based on projected FY 2014 payroll.

[2] Calculations are based on a GS-14, Step 6 (for 2013 in Washington, DC), the average cost of employees in the targeted pool. While a few eligible employees are located in other areas, the majority are located in Washington, DC. The 2013 GS 14, Step 6 salary is $122,744, or $58.81 per hour. With a 29% increase to account for benefits, the total annual cost is $157,840 annually.

[3] Working Capital Fund cost is based on $7,000 per position for computer, telephone, and internet access. Savings for 25 positions for one full year is $7,000 x 25 positions = $175,000.

[4] Assumes supervisory positions are backfilled filled at a GS-15, Step 1 in Washington, DC. The 2013 GS 15, Step 1 salary is $123,758; including 29% benefits, total salary is $159,144 annually. Assumes nonsupervisory positions would be filled at a GS-12, Step 1 in Washington, DC. The 2013 GS 12, Step 1 salary is $74,872; including 29% benefits, total salary is $96,280 annually.

## Indirect Costs

The indirect costs are difficult to gauge because most are specific to the employee. Indirect cost such as security clearances are based on the position and employee. If the employee already has one the cost is reduced. Transit subsidy and parking are indirect costs that are employee-specific and can only be determined after the employee has been recruited and tentatively selected.

Subject: Re:

Ryan, our goal is to send out offer letters by mid to end of July. Those who accept the offer would need to be off our rolls by the end of the FY. We have seen an acceptance rate of about 30% in the past. The Acting AAs/RAs received the same chart yesterday, so some that are on the high end of offers are re-looking at their plan. Mike specifically asked a few to do so.

# Voluntary Early Retirement and Voluntary Separation Incentive Authorities

April 2017

# What is Voluntary Early Retirement Authority ?

**VERA** (or Early-Out) allows agencies that are undergoing substantial restructuring, reshaping, downsizing, transfer of function or reorganization to temporarily lower the age and service requirements in order to increase the number of employees who are eligible for retirement.

- Encourages voluntary separations and helps the agency complete the needed organizational change with minimal disruption to the work force.
- Eligible employees receive an immediate annuity years before they would be otherwise eligible.
- Use of the authority requires OPM approval.

# VERA Eligibility

The employee must:

- Meet the minimum age and service requirements and be:
  - At least age 50 with at least 20 years of creditable federal service, or
  - Any age with at least 25 years of creditable federal service;
- Have served in a position covered by the OPM authorization for the minimum time specified by OPM (usually 30 days prior to the date of the agency request);
- Serve in a position targeted by the agency's VERA plan; and
- Separate by the close of the early-out period.

# What is Voluntary Separation Incentive Payment?

VSIP (or Buy-Out) allows agencies that are downsizing or restructuring to offer employees lump-sum payments up to $25,000 as an incentive to voluntarily separate.

- May be offered to employees who are in surplus positions or have skills that are no longer needed in the workforce and who volunteer to separate by resignation, optional retirement or by voluntary early retirement.
- Some employees may be eligible for VERA and VSIP and can take both (i.e., retire early with a lump-sum incentive).
- Use of the authority requires OPM approval.

# VSIP Eligibility

The employee must:

- Be serving in an appointment without time limit;
- Be currently employed by the executive branch of the federal government for a continuous period of at least 3 years;
- Be serving in a position covered by the agency VSIP plan (i.e., in the specific geographic area, organization, series and grade); and
- Apply for and receive VSIP approval.

# VSIP Ineligible

- Reemployed annuitants;
- Eligible for disability retirement;
- Have received a decision notice of involuntary separation for misconduct or poor performance;
- Previously received any VSIP from the federal government;
- Recipient of a student loan repayment during the 36-month period preceding the date of separation;
- Recipient of a recruitment or relocation incentive during the 24-month period preceding the date of separation; and
- Recipient of a retention incentive during the 12-month period preceding the date of separation.

# VERA and VSIP ARE NOT!

- A short term solution for budget cuts.
- To be used for anticipated scenarios.
- For positions that have direct hire authority or are paying recruitment incentives, e.g. IT Specialist (Information Security).
- To be used to deal with employees with performance or conduct issues.

# JUSTIFICATIONS MUST INCLUDE:

- Detailed summary of how the authorities will be used and the anticipated results.
- An explanation why the requested incentive(s) are an appropriate strategy for making the required workforce adjustments.
- The total number of employees expected to be affected and expected to take advantage of the incentive(s).
- Anticipated budget impact, i.e., direct ~~and indirect~~ costs and estimated savings~~, etc.~~
- Detailed list of positions that will be impacted and offered the incentive(s) identified by organizational unit, geographical location, occupational category, grade level and any other relevant factors.
- An explanation of how the organization will operate without the eliminated positions.
- Current and proposed organizational charts.

# THINGS TO REMEMBER

- Use the instructions in the VERA/VSIP Checklist to develop your office's business case.
- Populate the Targeted Positions Excel template provided by OHR.
- Have a plan and be specific.
- Link justification to workforce and succession plans.
- If addressing "strategic goals" explain what those are.
- Don't use phases that target age such as "maturing workforce."
- No requirement to request both VERA and VSIP.

# TARGETING POSITIONS

- Target positions, not employees.
- Do not target critical positions, required positions (e.g., Budget Officer) or direct hire positions (IT Security, Contract Specialists).
  - SES positions will require additional information (e.g., does the agency plan to return the slot?)
- Targeted positions must be restructured (different grade, series, duties) or eliminated if vacated via VERA/VSIP;
  - If the targeted position must remain in the same series and FPL, OPM will request current and proposed PDs and additional information to confirm restructure.
- Can't target positions for the sole purpose of providing promotional opportunities to remaining staff.

# THE PROCESS

- Program/Region completes targeted positions template and drafts business case based on parameters delineated in V/V Checklist
- Submit draft to OARM/OHR for review and feedback.
- Informal review by OPM and OMB.
- Submit package for Acting AA of OARM's approval and signature.
- Submit officially to OPM and OMB.
- Receive Approval.

**Subject:** RE: V/V timeline and costs

The days are additive, right? So 165-240?

If I want to compare both processes, could I say that from the day we identify the positions (or business case) a V/V would take 120-180 days and a RI F would take about 300 days?

**Cc:** Hunt, Loretta <Hunt.Loretta@epa.gov>
**Subject:** V/V timeline and costs
**Importance:** High

Here you go. Let us know if there are questions.

VERA/VSIP Timeline

1. 45-60 days
    - Obtain retirement data
    - Estimate costs
    - Develop business case in collaboration with OPM and OMB (i.e., identify positions targeted and explain how agency will meet its mission needs)
    - Notify unions

2. 30-45 days

OPM approval

3. 30-45 days
   - Notify unions of OPM approved plan
   - Issue employee notifications

4. 60-90 days
   Separations

VERA/VSIP Costs

| | | Total |
|---|---|---|
| 1. | 2,600 departures—all buyouts (2,600 employees X $25K) | $65M |
| 2. | Annual leave payout* ($52.99/hr X 240 hrs X 2,600 employees) | +$33.066M |
| | | $98.066M |

*assumes salary for an average grade EPA employee (GS-13 step 6) using DC locality pay; 240 hours as maximum annual leave payout

Considerations

- V/V is voluntary
- Critical positions should not be targeted because we will not be able to rehire for them
- Effort should be position-focused, not employee-focused

Marian-

We added a sentence at the end of the Background section stating that some employees can take VERA and VSIP simultaneously. Then we added the language describing VERA and VSIP eligibility under the Current Retirement Eligibility section. Does that give you what you need?

# Workforce Reshaping: Early-Outs/Buy-Outs

## BACKGROUND

***Voluntary Early Retirement Authority (VERA)*** provides agencies the option to offer voluntary early retirement that are undergoing substantial restructuring, reshaping, downsizing, transfer of function, or reorganization. It is an option for increasing voluntary attrition – provides an incentive for employees to voluntarily retire or resign and could provide placement opportunities for employees occupying surplus positions.

***Buy-Out or Voluntary Separation Incentive Payment (VSIP) Authority*** allows agencies that are downsizing or restructuring to offer employees lump-sum payments up to $25,000 as an incentive to voluntarily separate. An agency may offer VSIP to employees who are in surplus positions or have skills that are no longer needed in the workforce who volunteer to separate by resignation, optional retirement, or by voluntary early retirement.

Some employees may be eligible for VERA and VSIP and can take both (i.e., retire early with a lump-sum incentive).

## REQUIREMENTS

EPA has held discussions with OPM about developing the required business case that outlines our plan for achieving reductions. The business case includes:

- Justification for request
- Data on the targeted population (targeted positions will be eliminated or restructured; positions critical to the agency should not be included in the targeted population)
- Before and after organizational charts, as applicable
- Time period the incentives are available
- Anticipated budget impact
- Anticipated employee interest
- The maximum number of buy-outs to be offered
- Information about how the organization will operate without the eliminated or restructured positions and functions.

OPM and OMB approval is required and approval generally takes 4-6 weeks and will stipulate a period of time during which the agency can offer the two incentives.

## TIMELINE

A minimum of four months is required to complete the VERA/VSIP process. EPA will look to limit the number of business cases to help expedite the process. Tentative plan of submitting business case to OPM/OMB in May 2017 could result in employee departures from agency rolls by the end of September 2017.

1. Develop Business Case (45-60 days – complete by May 2017)
    - Obtain retirement data and estimate costs
    - Develop business case in collaboration with OPM and OMB (i.e., identify positions targeted and explain how agency will meet its mission needs)

- Notify unions

2. OPM/OMB Review/Approval (30-45 days – by June 2017)

3. Implementation/Separations (60-90 days --- July – September 2017)
    - Notify unions of OPM approved plan
    - Issue employee notifications
    - Separations

## CURRENT RETIREMENT ELIGIBILITY OF EPA EMPLOYEES

VERA eligibility:
The employee must:

- Meet the minimum age and service requirements
    - At least age 50 with at least 20 years creditable federal service, or
    - Any age with at least 25 years creditable federal service;
- Have served in a position covered by the OPM authorization for the minimum time specified by OPM (usually 30 days prior to the date of the agency request);
- Serve in a position covered by the agency's VERA plan; and
- Separate by the close of the early-out period.

VSIP Eligibility:
The employee must:

- Be serving in an appointment without time limit;
- Be currently employed by the Executive Branch of the Federal Government for a continuous period of at least 3 years;
- Be serving in a position covered by the agency VSIP plan (i.e., in the specific geographic area, organization, series and grade);
- Apply for and receive approval for a VSIP from the agency making the VSIP offer; and
- Not be included in an ineligibility category such as:
    - Are reemployed annuitants;
    - Would be eligible for disability retirement;
    - Have received a decision notice of involuntary separation for misconduct or poor performance;
    - Previously received any VSIP from the federal government;
    - Received a student loan repayment during the 36-month period preceding the date of separation,
    - Received a recruitment or relocation incentive during the 24-month period preceding the date of separation; and
    - Received a retention incentive during the 12-month period preceding the date of separation.

Agency Eligibles

Of 15,053 permanent employees:

3,186 are currently eligible to retire now;
3,788 are VERA eligible; and
13,618 are VSIP eligible.

**RESULTS FROM 2014/2015 V/V EFFORTS**

In 2014 we targeted 5,828 positions and the maximum number to be approved was 1,365. Total departures were 456 employees which is 7.82% of what was targeted and 33.4% of what we agreed to approve.

In 2015 we targeted 2,095 positions and the maximum number for approval was 587. Total departures were 196 (9.36% of the targeted number and 33.4% of what we agreed to approve.)

Total departures for both years was 652 employees.

**Subject**: RE: Policy question

I would need to hear what she considers a smaller unit. The regs require competitive area determinations based on the agency's geographical locations and established organizational units.

OPM guidance on RIF competitive areas (starts on pg. 29) states:

An agency may not define a competitive area on the basis of other considerations (such as bargaining unit membership, grade, occupation, etc.).
The same competitive area standard applies to both headquarters and field activities:

- A minimum headquarters or field activity competitive area is any organizational unit under separate administration (which is explained below) within the local commuting area.
- The agency uses the same general minimum standard of separate administration within the local commuting area to establish competitive areas for both headquarters and field components.

If two or more field activities are grouped at the same field installation, but are organizationally independent and separate from each other in operation, work function, staff, and personnel management, each activity may properly be designated a competitive area.

Separate Administrative Management Authority in Competitive Area Determinations.
As used for purposes of establishing a minimum competitive area, "separate administration":

1. Is the administrative authority to take or direct personnel actions (including the authority to establish positions, abolish positions, assign duties, etc.) rather than the issuance or processing of the documents by which these decisions are effected;
2. Means that the organizational unit is separately organized and clearly distinguished from other organizational units within the same local commuting area in regard to operation, work function, staff, and personnel management;
3. Recognizes that individual organizational components may be under separate administration even though many agencies reserve final approval of certain personnel actions to a higher level in the agency (including classification of positions, filling of higher-graded positions, processing of personnel actions, etc.); and
4. Is evidenced by the agency's organizational manual and delegations of authority that document where, in the organization, final authority rests to make decisions such as establishing positions, abolishing positions, assigning duties, etc. This is the standard for a minimum competitive area in a local commuting area, in either a headquarters organization or field component.

The fact that the same personnel office services several activities does not constitute "separate administration" and does not, of itself, require that they be placed in the same competitive area. The personnel office merely processes personnel actions rather than having final responsibility to make decisions on whether to establish positions, abolish positions, assign duties, etc

Subject: RE: Policy question

From Loretta, yes, the 1986 policy's competitive areas are the smallest allowed by reg.

5 CFR 351.402 - Competitive area.

(b) A competitive area must be defined solely in terms of the agency's organizational unit(s) and geographical location and, except as provided in paragraph (e) of this section, it must include all employees within the competitive area so defined. A competitive area may consist of all or part of an agency. The minimum competitive area is a subdivision of the agency under separate administration within the local commuting area.

So all employees won't see the focus areas, targeted positions or number of offers?

If we don't share the tables broadly, it virtually eliminates all checks and balances.

Did Lauren double check the names against the tables in the other email? This makes it more important that our email list is correct. Because employees won't have the opportunity to discover any errors we may have made. Managers are going to have no clue if folks received the email..

**Subject:** Notice to All Employees - Voluntary Early Retirement Authority and Voluntary Separation Incentive Payment Opportunities

John: this is the general notice for all employees. It should be sent to OARM-All. Text follows.

SUBJECT: Voluntary Early Retirement Authority and Voluntary Separation Incentive Payment Opportunities

This is a follow-up to Acting Deputy Administrator Mike Flynn's messages last month to all agency employees regarding Voluntary Early Retirement Authority and Voluntary Separation Incentive Payment opportunities. I am pleased to let you know that the U.S. Office of Personnel Management and the U.S. Office of Management and Budget have approved our request to offer VERA/VSIP opportunities to a limited number of EPA employees.

An employee whose position is in the VERA/VSIP pool will be receiving a separate letter from me. The letter will provide specifics on the application process; please be aware the application period opens on July 13, 2017 and closes at 11:59 p.m. Eastern standard time on July 26, 2017. Employees must depart the agency by September 2, 2017.

The decision to take advantage of a VERA or VSIP is entirely voluntary. This is a very personal decision and no one is required to accept an offer. Employees are urged to carefully consider the information provided and their personal situation prior to deciding. Please contact your Office Director with any questions you may have about our VERA/VSIP.

Yes. I also told John and Donna we would be late.
The important piece is the matrix, however Debbi said that the write is important also, and important To follow the check list.

We will take care of the resources estimate at the very end

We may need to follow up with OGD, so highlight any questions that we still have.

> I think the call went well, but then I only had a couple of little tweaks so life seemed ok to me.
> Janet is going to summarize the key points from the call and OCFO agreed to do a little spread sheet with certain factors, like inflation rate, built in so everyone is confident they are being consistent. There was a lot of buzz about how to get it out to people and it was just turning in to such a production, I said stop - send it to me in the am and I will send it out to everyone. So as soon as I get it, I will turn it around to the HROs, SBOs and Comptrollers and any messages I got back indicating the invite had been forwarded, I will be sure those people get it.
> Carol said tomorrow turn around would be great but definitely COB Monday so they can. roll it all up for submission back to OMB COB Weds.
> Mine is already fixed but I will hold it until I get whatever OCFO sends to me in the am to be sure it is all set. This seems pretty straightforward Let me know if you need anything more.

**Subject:** RE: Updated V/V Schedule

Debbi,
Thank you – the overall schedule looks workable. I have one suggestion for addition, which we did not have in the "official schedule" last VERA/VSIP timelines; however, our SSCs addressed in outreach with customers. For the step of "separation" by Sept. 2, recommend that it is noted that "Program/Regions" prepare the retirement and VSIP SF-52/authorize action (with budget code for VSIP) in FPPS AND include the separation checklists/validate records management requirements per agency policies. We had a sample "dual NOAC" SF-52 as an example for customers last V/V; however, with so many new supervisors and staff, want to ensure Programs/Regions realize upfront they have the responsibility to create the HR actions we will ultimately process in the SSCs.

My two cents, which is hopefully of constructive help. Thanks for consideration of comment. If this is not the best place to note this requirement/activity of the Program/Regions, perhaps we can dialogue on the call this week (all together) on where/when we should provide the separation/SF-52 and VSIP FPPS action requirement information.

Regards,
Liz

**Subject: Notes from today's meeting with SSCs/LERD/DRESD re: V-V**

Thanks again for participating.

I've summarized the notes from today's meeting based on subject.

Communications

- A general notification from agency senior management is expected to be sent out soon. A more detailed notification (with proposed targeting information) will be sent to employees at a later date.
- PAB hasn't seen the general notice draft but will share with SSCs/LERD/DRESD, if possible.
- OHR has created a V-V intranet site for employees at https://www.epa.gov/ohr/policy/buyouts/. SSCs/DRESD/LERD/PPTD can add useful information as necessary.
- Need to develop employee FAQs. Draft attached.

LERD

- Hard to predict how negotiations will go with the unions.
- The agency has to provide notice. Unions can demand to bargain or submit proposals within certain timeframes. Based upon some agreements, the

agency is late with its notice requirements.

- Targeted positions aren't negotiable. Retirement training and selection criteria are negotiable.
- Bob C. has reached out to former EPA LERD staff to get information on previous V-V negotiations.

SSCs/DRESD

- Benefits POCs will meet soon to discuss process.
- SSCs are working with IT to update the web-based database for V-V applications/actions. SSCs to review the new database second week in June.
- Benefits POCs will develop webcasts and other helpful resources for targeted employees.
- Employees will receive detailed application instructions in a future notification.
- V-V database will have information for agency reports/accountability purposes.
- Liz forwarded notification templates from previous V-V.
- Latest OPM benefits notice on V-V retirement processing can be found at https://www.opm.gov/retirement-services/publications-forms/benefits-administration-letters/2016/16-301.pdf
- Need to ask senior management about prohibition on movement that may alter eligibility (reassignment/staffing) during V-V process.

Loretta,

Are only the positions and organizations listed in our targeted positions table impacted by this? For example:

- If my organization was not listed in OEI's V/V plan, but

- HR Specialist GS 13 positions were included as targeted positions within another OEI office,

- Can my organization hire an HR specialist GS 13 since we are not participating in this V/V process?

Regards!

**Subject: Question on V/V**

At the noon meeting yesterday, it was asked if details are part of the temporary freeze. Due to the expedited timeframe for implementation of the V/V, we are asking offices to limit details in and out of targeted positions to only those that are critical. Please note, temporary promotions must cease because they move employees out of the position of record. Hope this helps.

Hi Loretta,

I just wanted to follow up from the call yesterday where you mentioned that OEI had contacted you about adjusting their VERA/VSIP package. My staff has now reviewed all of their applications and no one is being ruled out because of how the buckets were set up. Unless there was some other consideration I'm not thinking of it doesn't look like it would be necessary for them to go back to OPM for any updates.

Thank you,

Jeremy A. Taylor

Jeremy contacted up about this and we think the timeline will be close enough to thirty days so they will be included or excluded accordingly. Luckily we haven't communicated to employees what is being targeted. Let me know if you have other questions. Thanks. D

**From:** Vaughan, Pat
**Sent:** Thursday, June 08, 2017 10:33 AM
**To:** Hart, Debbi <Hart.Debbi@epa.gov>
**Subject:** 30 Day Rule Questions

Debbi,

We had a large number of employees in one of our Labs reassigned effective 5/28 as the result of a reorg that had been on hold during the freeze. I want to be clear of their status based on this "30 day" rule for how long a person has to be in their permanent position prior to a VERA/VSIP.

1. A few of these employees were NOT in the pool initially, but will be if a full 30 days goes by before submission of the agency package. They stay excluded and would only be included if that 30 days passes, correct? When it is announced that their series/grade is part of the targeted area, we'll have to explain to them that unfortunately they are not included…..ugh.

2. A few of these employees WERE in the pool initially and the reassignment moves them out of it. If 30 days hasn't passed before the package is submitted, does their earlier position that included them in the pool take precedent over their new position?

In the past we funded the V/V RITS payments centrally out of OARM to limit the administrative burden on the programs and regions. Below were our costs from the last rounds of V/V (ignore OPM's unique spelling of Environmental).

# Environmantal Protection Agency Reconciliation

| EPA | FISCAL YEAR | VSIP | VERA | Unit Cost | TOTAL | CFO collected |
|---|---|---|---|---|---|---|
| | 2015 | 183 | 41 | $ 129.83 | $ 29,081.92 | $ 27,928.12 |
| | 2014 | 354 | 101 | $ 91.37 | $ 41,573.35 | $ 4,585.05 |
| | 2013 | 27 | 34 | $ 101.89 | $ 6,215.29 | $ 1,834.02 |
| | | | | | $ 76,870.56 | $ 34,347.19 |

Loretta – Did you see this article about the additional $127.86 per employee that we have to pay to OPM? Did we get this reminder from OPM, and have we factored this amount into the costs?

If I'm reading this correctly, looks like it could add another $64K to the cost, if 500 take the buy-out.

**Subject:** Re: OGC VERA/VSIP Business Case -- Due to OARM/OHR Today, June 6, 2017

Good morning Loretta.

Sorry for the delay. I am obtaining the SL annual leave information from ERD. I should have everything back to you this morning.

Thank you.

Gwen

Hello Loretta and Debbi.

Attached are the OGC Senior Management approved VERA/VSIP business case write-up and supporting documentation in support of OGC's targeted positions for retirement, restructuring and/or elimination.

Please let me know if you require additional information or clarification.

Thank you.

Hello Susan!

To answer your question, yes. The more specificity the better as it will minimize clarifying questions from us or OPM/OMB later. Thursday is a better day for me to discuss your additional questions. I would include Loretta too on the invite as she is the real V/V subject matter expert! Thank-- look forward to chatting. Debbi

**Subject:** FW: Answers to ARA & HR Community V-V Questions

Dear Debbi –

This is great, thanks! Another question, on the chart it only specifies by office, location, series and grade. Do we need to provide office-specific numbers e.g., one for OLEM's Office of Resource Conservation and Recovery and one for OLEM's Office of Superfund Remediation and Technology Innovation if they are both in Arlington, VA?? Also have some more questions about the "safe position" concept. Would you and Loretta have some time to meet with me on Wednesday or Thursday morning?? THANKS!!

Susan

**Subject:** Answers to ARA & HR Community V-V Questions

ARAs:

This is a follow-up to answer some V-V questions the HR Community and you posed to OARM recently, which are provided below.

1. **Question**: What format should offices use for the org charts?

   **Answer**: PowerPoint. The org charts should go down to the appropriate level to illustrate the organization's current and proposed organization.

2. **Question**: Does an organization need to submit a proposed PD up front if a targeted position is going to be restructured but will remain the same series and grade (or FPL)?

   **Answer**: No. The program must provide details about the proposed changes to the position in the business case. It is the agency's responsibility to ensure proper restructuring of the position takes place.

3. **Question**: What is a "safe position" as mentioned in OPM's VERA and VSIP guidance?

   **Answer**: A safe position is a position that isn't specifically targeted for elimination or restructuring but would allow for the placement of another employee who's targeted position would be eliminated or restructured if vacated under V-V. Basically, it's a flexibility that allows the agency to cast a wide net to encourage voluntary attrition while still meeting the elimination/restructuring requirements of the V-V authorities. Of course, this option assumes the employees who remain would meet the qualifications for the safe positions. The organization's business case must identify and explain any "safe position" plans.

   *Example*
   The organization needs to eliminate and/or restructure five, GS-343-11/12 positions in Division A: Branches B and C. The manager offers V-V to all GS-343-11/12 positions in the organization. Five people across the organization accept V-V and separate. Division A then reassigns any surplus employees remaining in Branches B and C and eliminates/restructures five positions.

Please contact Debbi Hart or Loretta Hunt if you have any other V-V questions. Thanks.

**Subject**: Safe positions defined

1. **Question**: What is a "safe position" as mentioned in OPM's VERA and VSIP guidance?

   **Answer**: A safe position is a position that isn't specifically targeted for elimination or restructuring but would allow for the placement of another employee who's targeted position would be eliminated or restructured if vacated under V-V. Basically, it's a flexibility that allows the agency to cast a wide net to encourage voluntary attrition while still meeting the elimination/restructuring requirements of the V-V authorities. Of course, this option assumes the employees who remain would meet the qualifications for the safe positions. The organization's business case must identify and explain any "safe position" plans.

   *Example*
   The organization needs to eliminate and/or restructure five, GS-343-11/12 positions in Division A: Branches B and C. The manager offers V-V to all GS-343-11/12 positions in the organization. Five people across the organization accept V-V and separate. Division A then reassigns any surplus employees remaining in Branches B and C and eliminates/restructures five positions.

My question to you is—do we need to identify safe positions in our targeted positions template?

**Subject:** RE: House Budget Bill and FERS supplement?

Susan,

Unfortunately, we can't address hypotheticals. Even if the proposed legislation is signed into law, OPM will still need to promulgate final regs to govern how agencies implement the law.

In re: to the $40K increase, again, it is proposed but has not been signed into law. The maximum amount approved by OPM and OMB for EPA in FY17 is up to $25K.

If folks in your AA-ship have concerns about proposed legislation, please let them know:

- The agency can only operate under the law and regulations currently in force.
- This V/V opportunity is specific to FY17 appropriations
- If the agency receives approval to offer V/V in the future, there is no guarantee the same positions covered by this V/V would be included.

>> Hello –
>>
>> I wonder if you might have any additional insight on the provisions in the House budget committee budget bill which includes provision to eliminate the FERS supplement? See this article in the WAPO: http://wapo.st/2tkoE1H?tid=ss_mail&utm_term=.6bfca47525e0. The article includes a link to the budget bill but the bill text is sparse on details (see excerpt below from p. 46). The implication is that the elimination of the FERS supplement may apply to both current and future employees. Any additional wisdom or insight would be greatly appreciated as I weigh taking a VISP.

Hey Folks,

After the VERA/VSIP union meeting yesterday, one of the union stewards asked if we were doing increased retirement counselings and/or trainings. Donna said that she thinks you're doing increased webinars and maybe counseling…

Can you folks confirm? Do you have a list of retirement training opportunities that I can share with the unions?

At the noon meeting yesterday, it was asked if details are part of the temporary freeze. Due to the expedited timeframe for implementation of the V/V, we are asking offices to limit details in and out of targeted positions to only those that are critical. Please note, temporary promotions must cease because they move employees out of the position of record. Hope this helps.

Hi Everyone,

**Ex. 5 - Deliberative Process**

**Ex. 5 - Deliberative Process**

Two other things: **Ex. 5 - Deliberative Process**

OPM's revised VSIP template addresses safe positions (attached, pg. 2, first paragraph):

> *The agency's targeted population chart, " . . . may include additional categories of employees beyond those whose positions are directly targeted for elimination/restructuring (i.e., positions that are not the main focus for reduction/restructuring/elimination, but which are included in the VSIP offering only to the extent that they may provide a placement for an employee whose position will be reduced/restructured/eliminated.)*

**Ex. 5 - Deliberative Process**

**Ex. 5 - Deliberative Process**

Enjoy the weekend.

Donna

**Subject**: FW: V/V questions

Donna-

As discussed, see the excerpt from the VERA guide below. So maybe a note to senior leadership stating that OPM's VERA guidance requires that VERA eligible employees serve in a position 30 days prior to the date the agency requests the authority from OPM. Given the current schedule for submitting our V/V business case later this month, please be aware that movement in and out of all targeted positions through reassignments, reorganizations , etc. must cease effective immediately.

**To:** Parker, Gary <parker.gary@epa.gov>; Hart, Debbi <Hart.Debbi@epa.gov>
**Subject:** RE: V/V questions

OPM's VERA guidance states eligible employees must:

> Have served in a position covered by the OPM authorization for the minimum time specified by OPM (usually 30 days prior to the date of the agency request);

VSIP has no such requirement (only that the employee is serving in a position covered by the authority).
