Monthly Chemical Meeting_Q3_pyrethroid slides.pptx

I'm putting together slides for the pyrethroids, which would cover everyone in the branch. I'm attaching the working draft version. All the red is where edits were made from the January version. I expect to have these ready for review by the end of the day.

Hi Dana,

Matt just sent me the draft bullets for metribuzin and methomyl. I'm reviewing them.

Thanks,
Nicole
