Subject: RE: PFOA QA

Attached in Track Changes are my recommended edits to the two documents that are in play. The first document is a set of internal Q&A that has been prepared for the Administrator's briefing book. The second document is language that HQ developed to be included in several letters that are being prepared now, including letters responding to Rob Bilott. Please be sure and look at the attached in the "All Markup" view so that you can see my edits and comments.
