Subject: RE: Center for Biological Diversity RCRA Petition on PVC

Hello Mr. Monroe,

Thank you for the information and follow-up to your presentation on October 31st on PVC. We have received the letter and appendix and will consider their contents. The documents can be submitted as a comment during the public comment period if you would like an official response.

- Carolyn

Subject: Center for Biological Diversity RCRA Petition on PVC

Dear Director Hoskinson:

The Vinyl Institute, Inc. (VI) appreciates the opportunity to provide the U.S. Environmental Protection Agency (EPA) with information to assist the Agency's evaluation of a July 24, 2014, Petition filed by the Center for Biological Diversity (CBD).

Although the VI did not object to the EPA Consent Decree with CBD, the attached letter and appendix explain why CBD's 2014 Petition to regulate discarded polyvinyl chloride (PVC) as hazardous waste under the Resource Conservation, and Recovery Act (RCRA) **should be denied.**

I appreciate your consideration, and we are glad to answer any questions that you may have regarding these documents or the CBD petition.

Ned Monroe
President and CEO
