Dear Alex,

Please find attached EPA's response to the data call in EO 13990 to identify "a preliminary list of any actions being considered pursuant to section (2)(a) of [EO 13990] that would be completed by December 31, 2021, and that would be subject to OMB review." Our list of 29 such actions is attached.

Please consider this list to be preliminary. Some of the actions included are pending further policy discussion and deliberation and as a result may not be signed in 2021. For your convenience, we have included RINs to help identify the actions. RINs with a * are old, and relate to the prior final action that is currently being reviewed.

Please let me know if you have any questions or would like to discuss further. Thank you. Have a good weekend!

Best,
Vicki Arroyo
