SEIS - Exec Summary (DRAFT2- CLEAN) (Submitted 05Nov15).pdf

Hi Jeannie,

Attached is the revised Executive Summary:

1. As WORD file with track-changes and Responses to Comments on the margin.
2. As "CLEAN" WORD file with all Comments removed and all changes accepted.
3. As "CLEAN" pdf file.

Please review my comments in the track-change version. My responses are in blue; a few responses for your consideration/advice are in green.

Also, as a reminder, at this point it is critical that I see all edits to make sure nothing falls through the cracks. Thus, please use track-changes for ALL edits, as I am keeping the MASTER documents. Otherwise, edits might not get included in the final version, as it is near-impossible for me to see untracked changes in a 500-page document. Please advise your reviewers of this as well. Thanks!!

Thanks,

Bernward

Hi Jeannie,

…as discussed:

- The Main SEIS (without ExeSum) is now on th Ex. 5 - Deliberative Process (see link below).
- The version with the ExeSum was removed.
- Uploaded also are all WORD docs for Chapters 1 through 5.

Hi Jeannie, Joe,

I hope you had a good weekend.

Ex. 5 - Deliberative Process

Documents consists of the:

- Main report as a single pdf (all chapters, including the first draft of the Executive Summary)
- All Appendices as separate pdfs. The exception is Appendix C (Phys. Oceanography) which is still being assembled. Specifically:

o C-1 (Field data): Done

o C-2 (Modeling): Jim edited it over the weekend; I will review it today and tomorrow.

o C-3 (Sediment Transport report): Jim is still editing it (as he said he would last week). Once I receive the revised C-3, I will review it as well, and combine all three reports into a single pdf for App C, and forward it to you as well (along with the WORD version of C-2 and C-3).

- Also included within the SEIS (DRAFT) folder is a subfolder with selected WORD files for editing by the CTDOT Project Team (please use TRACK CHANGES) of:

o **Executive Summary**: As stated above, the ExeSum is only the first draft that has not yet been review by the CTDOT Project Team. (This draft is also attached to this email for your convenience.)

o **Chapters 1 and 2:** These chapter should be looked over in some detail (with focus

Ex. 5 - Deliberative Process

o **Chapter 5:** Please review specifically Section 5.8 – Preferred Alternative. As mention is my previous email last week, I reshuffled your last version of this section a bit for reasons of flow, although the key text (and decisions) provided by USEPA were *not* changed.

o **Chapter 10:** For adding the mailing addresses of the Draft SEIS (to be done by USEPA). (So far it is consist just of the Chapter title.)

o **Appendix G (Sediment Chemistry):** Ex. 5 - Deliberative Process

Ex. 5 - Deliberative Process

o **Appendix H (EFH):** Ex. 5 - Deliberative Process

Please let me know if you have any questions.

Thanks,

Bernward

Hi Bernward,

I have to be responsive to management. So, I have a question for you.

The plan as of last week was the following:

Full draft for EPA internal review by 10/26-11/9 (Now it is nov 5-19).

Revised document to EPA to send to Cooperating agencies on 11/16 (now it is Nov 23).

Please provide documents that have not yet been reviewed by the Project team NO LATER THAN MONDAY at NOON.

This will give us a day to review.

Full submittal should be to EPA by Wednesday, November 5th.

Please let me know if you will have problems meeting these timelines.

Thanks, Jeannie

Bernward,

I have been with HQs in a 3 day meeting, so I have not looked at the latest version.

I am not sure if there will be additional comments, can let you know later today.

Hi Jeannie,

I noticed in the Track-change version a few comments in Sections 5.1 to 5.7. Are there additional comments on those section coming (based on the latest submiited version), or I assume correctly that this is it before we compile the document into a pdf?

Thanks!!

Bernward,

Attached is Chapter 5. Revised and integrated. So, there is a track changes section and a "clean version"

Please let me know when Appendix C will be available- this is an urgent matter… one of the last items to wrap up

Yes, when will the exec summary be available for my review?

In order to submit the Cooperating Agency package by November, as discussed yesterday, we need to see the entire package for two weeks.
I expected to have that package by next week. Is this possible?

If you need to talk to me, please call me on the cell, I am in meetings Mon and Tuesday. Thanks!

Ok. Thanks. Will proceed accordingly.

Next week is fine. I am integrating comments to Chap 1+2, and am mostly done. Will send the revised version on Tuesday (I am out of town Monday.)

Next week:

- Will look for your revised Section 5.8 for review and integration to Exec Summary
- Work on Exec Summary
- Prepare a single pdf of all sections

Wednesday 4:00pm is fine. I make a notre

Bernward.

Hey, I was wondering if you were around today.

Yes, there will be copies sent.

The 60 day review period is fine.

Ex. 5 - Deliberative Process

Good questions – comments below:

Thanks.

We should plan to talk next week. I am in meetings Mon-Wed.. but could be around later on Wed afternoon. I will call you .. around 4 if that works.

Subject: Chapter 1+2 questions

Hi Jeannie, some questions for Chaps 1 and 2:

- Will there be a Chapter 10 (as there was in the 2004 EIS): "**List of agencies, organizations, and persons to whom copies of this SEIS have been sent**"). Ex. 5 - Deliberative Process

Ex. 5 - Deliberative Process

Ex. 5 - Deliberative Process

- I am entering "60-day review period", as discussed.

- I am leaving out the SMMP for the Draft SEIS review for now (to be done at a later time, as discussed, when the alternative selection is finalized with the Public's input). Still the latest approach?

Please advise. Thanks.

Have a great weekend,

Bernward
