Subject: RE: Exceptional Event Initial Notification - El Paso area, PM monitors,, calendar 2018

Hi Dot!

I am not sure that I responded, but I forwarded your email below to our data folks that will put together the Exceptional Event packages. You should hear something from them soon, if you don't please let me know.

Thanks!
Holly

Subject: Exceptional Event Initial Notification - El Paso area, PM monitors,, calendar 2018

Holly, Could you pass this email along to the correct TCEQ contact? Thanks

We would like to begin discussions with TCEQ on the Exceptional Event Initial Notification process for Particulate Matter exceedances which were measured at monitors in the El Paso area during calendar year 2018. I would be happy to set up a conference call to start the discussion. As a reminder, attached is an updated EPA Region 6 summary on expectations for the Initial Notification process. Thanks
