Subject: LIS-DMMP Harbor Characterization Table)
LIS-DMMP Harbor Characterization Table-FINAL.xlsx

Folks,

Yesterday I indicated that I would send out the Excel spreadsheet that shows the historic information that we collected on dredged material from various navigation projects in the DMMP area. This information was compiled from research of the NAN and NAE Operations/Navigation files and the Regulatory files. I suspect that there is additional information out in the State files that if provided we would include in a revised spreadsheet.

Take a look at the spreadsheet and let us know if you have any questions.

Mike
