Subject: Fwd: Requesting a Meeting

Colleagues,

See the request from Eric Goldstein, below. I'm available to take this meeting with WD.

Lisa and Olivia — let us know if you would prefer to participate in the meeting. Once we know who will attend, Beth can try to find a time, presumably in early August.

Walter

Hi Walter –

I hope all is well and that things at Region II are moving forward, despite everything going on in Washington DC (and the world).

I'm writing to request a Zoom meeting with you and your drinking water team colleagues. Riverkeeper and the Catskill Center would hopefully join in this meeting.

As New York State Health Department moves to finalize NYC's FAD revision, it would be extremely helpful if EPA once again could step in and press reluctant New York officials to advance strong pollution prevention strategies to help safeguard the unfiltered Catskill and Delaware water supply over the long-term.

Can you please let me know if we can set this up sometime over the next two weeks? We shouldn't need more than 30 minutes.

Thanks in advance.

Eric
