Glyphosate updated Q+A for AA confirmation 8.9.17 afternoon after na edits ytg redline.docx

Thanks. I made some minor edits (see attached). Please run them by the other divisions and Anna. I'm waiting to hear back from Rick about the timing for completing these and will let you know when I hear. Thanks.

We have pared it down based on your suggestions. Is this closer to what you want?

I think the questions need to be more pointed and with less background. I'd rather have just a few Q&As than too generic since these are supposed to be tough questions…I've include chlorpyrifos for your reference. Maybe we can go through some potential questions in the general tomorrow morning. Thanks.

Neil and Kaitlin,

I updated the Q+As for glyphosate. This is for AA confirmation hearing. This is rather extensive and covers a wide variety of topics, so not sure what senior management will want to focus on.

Also, should we circulate this to the team for comment? Especially as it relates to the cancer topic?
