Subject: Fwd: EPA meeting slides for Earthjustice/Bayou City Waterkeeper

Good morning,

These are the slides for the 1pm meeting. Can you make sure they're loaded up for us on the 5th floor?

There will only be about 7-8 of us in person there.

Thanks!

> Dear Iris,
> I apologize for the late submittal. Our Vice President of Climate and Energy has had a family emergency and cannot attend this event in person now. If it is at all possible, she will attend virtually. We will also have Bill Bunch, Executive Director of Save Our Springs with us tomorrow in addition to Bayou City Waterkeeper's Kristen Schlemmer and Erin Gaines with our office. Thank you for your patience on this, and again I apologize for getting this to you late.
