Good Evening Mr. Ex. 4 - CBI

Thank you for permitting EPA and our contractor (Weston Solutions, Inc.) onto your property yesterday for the purpose of collecting two ash samples. In addition to the receipt for samples prepared on site, you requested additional information, including the GPS locations and the names of the laboratories EPA is using to analyze the samples.

I am attaching an additional document which includes this information, as well as photographs of the areas where the samples were collected.

As we discussed, EPA will provide you with the results once they are received.

I have copied EPA OSC Deborah Lindsey, EPA Project Manager for this event, and Joanna McCauley, EPA Site Administrative Officer, on this email. If you have any questions, please contact me at

Thank you for your cooperation

Christine Wagner, OSC
