Attorney Client Communication

I'm thinking that the slides you have are fine and maybe we can chat tomorrow about where I might be able to add some context – rather than separate slide or presentation on the legal issues.

Ex. 5 - Deliberative Process - Attorney Client

Thoughts? I'm about to head out. I'm free at 10 am tomorrow if that's a good time to connect.

Ex. 5 - Attorney Client

I will also send the CEQ one, which consolidated some of the concepts from the first one into fewer slides.

BTW, I will be here tomorrow, after all. Looks like we're set for a bunch more snow over the next two days.

Thanks!

Hey, guys.

Just bugging you again about whether you want to revise the existing HTL presentations or do your own slides (see below). I may be out tomorrow through Friday, so….

Thanks,

H

Great; thanks!

I'm assuming what makes sense is for me to cover the tidal elevation data, Susan the biological implications, & Endre the legal implications & vulnerabilities. What do you think?

I've already got a couple different presentations, one of which could have a couple of slides added to go up to 30 minutes, while the other would need paring of a couple. Do you guys want to start with those or do your own?

I have our staff meeting at that time, but I'm sure this topic and audience is important enough to miss part of that meeting. Let me know when you want to talk about it.

Susan

Good morning. A presentation on HTL is on the ET's agenda for next Tuesday, from 10:45 to 11:15. Are you interested in co-presenting &, if so, are you available then?

They gave us 30 minutes. Will you be able to present. We would have to coordinate with Peter/Susan/Endre. Maybe a tag team approach with you, Susan, and Endre.

Thanks
