Leaking UST Incident No. 20060519
Leaking UST Technical File

Dear Ms Diks:

The Illinois Environmental Protection Agency (Illinois EPA) has reviewed the Site Investigation Completion Report (report) submitted for the above-referenced incident. This report, dated February 14, 2012, was received by the Illinois EPA on February 15, 2012. Citations in this letter are from the Environmental Protection Act (Act), as amended by Public Act 92-0554 on June 24, 2002, and Public Act 96-0908 on June 8, 2010, and 35 Illinois Administrative Code (35 Ill. Adm. Code).

The Illinois EPA has determined that the requirements of Title XVI of the Act have been satisfied (Sections 57.7(a)(5) and 57.7(c) of the Act and 35 Ill. Adm. Code 734.505(b) and 734.510(a)). Therefore, the report is approved. However, please note that the report indicates the soil borings SB-13 and SB-14 were completed and do not correspond with the Illinois EPA letter dated January 3, 2007 (that should have been dated January 3, 2008).

The actual costs for Stage 3 were not submitted to the Illinois EPA. Please be advised that budget forms reporting the actual costs must be submitted to the Illinois EPA for review and approval, rejection, or modification prior to receiving payment from the Fund for any related costs (Sections 57.7(a)(2) and 57.7(c) of the Act and 35 Ill. Adm. Code 734.505(b) and 734.510(b)).
