Subject: REPLY REQUESTED: Has ODEQ Provided Additional Detail on the Prescriptive TMDL Process? (Can I Check This Off?)

Hi Dave,

Thanks for letting me know about line 21 of the table. It is good to know that Nina was not too concerned about the schedule.

Do you know the status of "ODEQ providing additional detail on the prescriptive TMDL process"? I recall a paper developed by Joshua Seeds addressing this commitment. Was that ever finalized? Did we (NOAA/EPA) officially approve this document?

Jayne

Jayne - line 21 of the xl spread sheet lists getting plaintiff feedback on the schedule. I didn't remember that item in the settlement agreement... but if you looked at it and it was there I wouldn't be that surprised...I forget stuff all the time. I did talk to Nina about the schedule for completing TMDLs in the Coastal Zone multiple months ago. I told Nina that EPA and NOAA were ok with the general schedule and she didn't seem too concerned about the general nature of the schedule. We've also told Gene that the general date for completing IR TMDLs throughout the coastal zone was fine. Dave

Hi All,

Many of you know I have been keeping a schedule of the SA commitments. See attached. I am thinking of providing our new attorney with a copy and was wondering whether I can check off "ODEQ providing additional detail on the prescriptive TMDL process." I recall a paper developed by Joshua Seeds addressing this commitment. Was that ever finalized? Did we (NOAA/EPA) officially approve this document?

[attachment "SA and Exhibit A Schedule.xlsx" deleted by David Powers/R10/USEPA/US]

During our meeting with Christine where we requested ORC assistance (success yea!), she asked for something like the attached document. Can any of you who participated recall what more she was seeking? I can't find my notes.

Please excuse my faulty memory. Like all of you, I am dealing with a wide variety of projects and it is a challenge to keep it all organized.

Cheers,

Jayne
