Hi Laurie
We are trying to set up a meeting with Ecology to discuss the Pend Oreille TMDL and Melissa is resistant to the idea of attending (or having any one other than Tony Whiley from that office attend). We do not see how things can move forward without them present. Do you have any suggestions for how to approach Melissa on this?

Helen and Dave—

Jim and I met and based on your voice message that this meeting would be to talk about some implementation changes (not TMDL changes) and that you needed Tony's assistance to explain the boradertime lag issues to your HQ folks. Given that Tony and Jim are your folks for this meeting and the rest of us will wait to hear what the next steps are—Melissa

We are in the middle of a transition—can we set up time with you—dave, jim and I to talk about this meeting—still unsure how this is different from last July meeting and want to get it clear so I can brief others----

Yes, Melissa it is the same material. Jim has already responded to the doodle poll but Kelly has not yet. Should I send him a reminder?

Thanks—looking to just have Kelly and Jim there and we will work on having them briefed on the technical issues. Assume this is the material you had previously sent Tony? –Thanks-MG

Hi Melissa
We are hoping for more than a strictly technical discussion. The materials that are mentioned in the agenda are the same ones that we have sent for a previous meeting. I won't be able to send these before Tuesday.

Thanks—so based on this email it looks like you want to have a technical discussion—we will work to get our technical folks there for items I and II.

Helen can you send your material on these items so we can get our technical folks prepared and the managers briefed.-thanks

Hi Melissa
Below is our agenda for the meeting as it looks now. We do not expect any significant changes. Let me know if you have any questions on this.

Introductions
Recap of our last meeting and our meeting with the Kalispel Tribe
Issues and options for moving forward

I. Issues with CFA methodology in TMDL

II. R10 conducted some additional analyses to examine certain CFA issues in relation to the TMDL's allocation numbers.

III. Discuss Specific Issues:

A. Idaho Border

B. TMDL allocation for Box Canyon Dam

IV. Paths Forward Discussion

I thought we were going to get an agenda so we could make sure we have the correct folks there. Want to avoid similar situation as last meeting where it looked like we had the wrong folks. If you can send us a draft agenda that would be great then we will determine the right folks on our end—thanks.

Hi Melissa
I see that no one other than Jim Bellatty from Ecology have participated in the Doodle poll yet. I am sorry that we have not yet set up an agenda, is that going to be necessary before Ecology can participate in the poll? If you have any other questions please contact me.

Hi Melissa

We do not yet have an agenda, I was trying to get a date on the calendar first.

The EPA attendees are:
Dan Opalski - R10 Director of Office of Water
Dave Croxton – R10 Unit Manager of the R10 Watershed Unit
Kim Owens – R10 Office of Regional Counsel
Jim Keating – DC in the Office of Science and Technology (part of the Office of Water)
Jim Curtin – DC Office of General Counsel
John Goodin (or one of his staff) - DC Chief of the Watershed Branch of the Assessment and Watershed Protection Division of the Office of Wetlands, Oceans and Watershed.
