Subject: RE: TCE WoE

Nancy and Tala,
As promised, I am sending in the attachment a technical report developed by Dr. Mark Johnson and Dr. Glenn Leach at the Army Public Health Center on an approach for conducing a weight of evidence evaluation to support the development of an occupational exposure limit for TCE.

We look forward to meeting with you and your staff next week to provide additional details and answer any question.

Thank you for the opportunity to share the outcome of this effort with you.

Best regards,
Tricia
