Hi,

Ex. 6

Stephanie has returned all the markup and I'm now going through them. They are my priority today in the hopes of being done and setting them up. Yesterday was a clusterblank of emergency nonsense and I couldn't get to any of it.

I told her I'm going to set up sort of a publication map based on your order that makes sure no effective dates get shared by one or more falling on a weekend/holiday and bumping etc., and I'll send that over for approval by you all.

Brad:

Regarding this statement you made in your email below:

"I think I sent to FRLiaison address, but it might have been within communication on another doc."

You are correct regarding your statement above. You were communicating with Stephanie Morris on her document, Document number 2020-5854, FRL-10006-74-OAR. See attached. I found the email in the FR Liaisons email box, which you sent to Stephanie Morris too.

As you stated in your email below, you're up to date now on the six documents. Ex. 6

Hi Brad:

First, I sent you an email response on the status of the **six** documents on Friday, 6/19/2020, after Chipp Reid responded to me. I guess you have not seen that email yet.

Second, regarding this statement you made in your email below:

"I emailed last week asking for confirmation on whether EPA approved markup for 2020-5854, 5900, and 5896. I think we're ready to move, but I had no record of those being approved by EPA."

Did you send your email to the FRLiaisons email box or to a specific editor?

Further, for clarity, the documents you stated you were inquiring on are:

1. Document number 2020-5854, FRL-10006-74-OAR, which belongs to Stephanie Morris.
2. Document number 2020-5900, FRL-10006-88-OAR, which belongs to Stephanie Washington.
3. Document number 2020-5896, FRL-10006-94-OAR, which belongs to Stephanie Washington.

Again, please see the email response I sent you on Friday, 6/19/2020, as it will state the status of the above documents. Also, regarding Document number 2020-5854, FRL-10006-74-OAR, which belongs to Stephanie Morris; On Friday, 6/19/2020, Stephanie Morris stated to me the following regarding this document:

FRL-10006-74-OAR; Stephanie Morris states that the EPA program approved the edits, and she conveyed this to you. Stephanie Morris is on leave today, 6/22/2020. I will let her respond to you directly on this when she returns tomorrow.

As for items number 2. and 3. above, which belong to Stephanie Washington, she sent your edits dated 5/27/2020 to the EPA program on 6/19/2020 for review and approval. Stephanie Washington will contact you directly once she gets and update from the EPA program.

Elizabeth,

I emailed last week asking for confirmation on whether EPA approved markup for 2020-5854, 5900, and 5896. I think we're ready to move, but I had no record of those being approved by EPA.

I'll be in and out this morning, but if this wasn't settled a Friday (I have about 120 emails to go through), I'm sure we can today.

Good afternoon,

I've gotten through all the documents submitted way back in March. I know we've traded markup in the time since on some of these, but since several depended on the actions in others, it's best if you review all again for accuracy's sake.

Please review all of them, as several have new edits and one or two may be our first pass-backs. In 5898, I explain some of the edits that EPA questioned/explained at its end last time.

Some need decisions or perhaps language, like headings, in places.

Hopefully we're on the verge of finally moving these things along.

Thanks,
