Subject: [EXTERNAL] RE: Pre-scoping/pre-cooperating agency meeting date and location

Hi Sheila-

We are able to participate in the Jan 18 meeting. Two folks from our Anchorage office and myself will attend in person. Some of our technical team and managers would like to participate via webinar. I can provide you with the names after we see an agenda and are closer to the meeting date.

I do have a couple questions.

1. What is the status of your completeness review of the application? If the USACE determines that more information is needed, will we still be having the Jan 18 meeting?
2. Can you send me the schedule as a pdf?

I hope to send you comments on the Cooperating Agency Coordination Plan by mid-next week.

Thanks -
Patty

Subject: Pre-scoping/pre-cooperating agency meeting date and location

Folks,
We are targeting the 18th of January for our pre-scoping/pre-cooperating agency meeting in Anchorage as the majority of agencies have confirmed availability. Arranging travel logistics and ensuring space requires us to settle the date now. The meeting location will be at the Atwood Building Conference Center, Room 104, from 8 am to 4:30 pm (center room). We will have teleconference and webinar capability for those that cannot attend in person. The room hosts 28 people. The intent of the meeting is high level project overview, PLP agency specific Q&A regarding agency required authorizations and processes, and path forward for cooperating agencies.
I will send out meeting materials, agenda and other relevant information after the New Year.
We will be sending out cooperating agency invitation letters prior to the 18Jan but will not expect any responses until after the 18Jan2017 Meeting.
Thank you and Happy New Year!
Sheila

Subject: POA-2017-271-ARMDEC SAFE FILE EXCHANGE

Ladies and Gentlemen,

We received Department of the Permit Application POA-2017-271, Pebble Limited Partnership, this morning at 8 am. I have sent you all of the application contents via 3 ARMDEC messages:

1. The application with appendices
2. Resend of Attachment A5 due to failure to download on the first send 3. Zipfile with geospatial data

The ARMDEC password is good for a one time download and only for the next fourteen days. Please download the information accordingly.

We will be making the application publically available once we have finished our completeness review.

In addition, I have confirmation of availability for PHMSA, State of Alaska, USCG for the dates proposed for our prescoping meeting in January. Please let me know your agency availability at your earliest convenience.

Thank you all and Happy Holidays!

Sheila
