Subject: Summer budget review

Mike–

The FY 19 budget reviews are emphasizing the use of performance measures and data analytics to justify all requests. To prepare your program for these mandates the Performance Institute is hosting three forums in the coming weeks that you can attend in person OR remotely by webinar:

Data Analytics for Government (June 20-21)
Performance Budgeting (June 22-23)
Using Benchmarks in Government (June 26-27)

We have recently received sponsorship for these programs so we can offer several discount passes. Attendees may be able to receive CPE and PDU credits.

Would you be interested in seeing the full agendas and attending?

-Austin
