Hi Amanda,
I just emailed Laura with the instructed response. Thank you for your help!
Nina

Nina,

I reached out to Valerie Ward and she confirmed we should be referring folks to our FOIA process when requesting information from the Agency. Can you please respond to Laura Olah with the following:

****

Hi Laura,

In order to assist you further, can you please submit a Freedom of Information Act (FOIA) request for this information? (The FOIA process helps us keep track of all requests for information.) You can submit a FOIA request here: https://foiaonline.regulations.gov/foia/action/public/request/publicPreCreate

For more on EPA's FOIA process, see here: https://www.epa.gov/foia.

Nina

Hi Nina,
EPA Region 2 says that the West Valley Demonstration Project (WVDP) does not have any OB/OD units – WVDP was one of the DOE sites that you said was operating under interim status – 3 storage and 4 treatment. I think this the facility number is NYD980779540
Can you please double-check for me?
Thanks!
Laura

Good afternoon

Our records show that the West Valley Demonstration Project has no open burning/open detonation units.

Regards,

Andrew Park

Dear Andy,
I found your name on the EPA website as the point of contact.
I am looking for RCRA Part A and Part B permit applications for the open burning/open detonation miscellaneous units at West Valley Demonstration Project USDOE. Are these posted online or can you email them to me?
Also, are there any Air Permits, such as a Title V permit, for the facility that contains operating conditions for the OB/OD unite at West Valley?
Thank you!
Laura
