Subject: Bristol Bay Technical Team Update

Technical Team Meeting: You should have gotten a calendar invitation from me to participate in a 2 day technical team meeting in Anchorage on July 11-12. Specific location to be determined. Phil will be working with others to develop the agenda for the meeting and I will be facilitating. The purpose of this meeting is to get the technical team on track and prepared for the August meeting with the Intergovernmental Team.

Intergovernmental Team Meeting: We are considering scheduling this meeting the weeks of August 8 OR August 15. We are polling the agency and tribal representatives on this group to determine what week would be best for them. Again, it is unlikely that everyone will be able to attend but hopefully we'll get a critical mass. Phil will be working on the agenda with the group. Judy Smith and I will be facilitating this meeting.

Please reply to this message if you have schedule conflicts with either of the August weeks. Thanks!

We'll talk more about this on next week's technical team call.

Sheila M. Eckman
Bristol Bay Watershed Assessment Project Manager
Office of Ecosystems, Tribal and Public Affairs
EPA Region 10
