Hi, Elaine. Let's talk at your convenience. I'd like to catch you up re: this Rosemont development (see attached), but I'm out of pocket until about 3:45 or so. Thanks.

Subject: RE: Notice needed by 11 am tomorrow to publish in FR Friday.

Hi Robert -

Attached are two notices. The first (starts with EPA) would be the notice you would publish reopening the review period of the FEIS. We are following the EPA instructions:

Withdrawing, delaying, or reopening a review period

EPA should also be notified of all situations where an agency has decided to withdraw, delay, or reopen a review period on an EIS. Notifications can be sent by email to EIS-Filing (EIS-Filing@epa.gov). All such notices to EPA will be reflected in EPA's weekly Notice of Availability published in the Federal Register. In the case of reopening EIS review periods, the lead agency should notify EPA as to what measures will be taken to ensure that the EIS is available to all interested parties. This is especially important for EIS reviews that are being reopened after a substantial amount of time has passed since the original review period closed.

All such notifications to EPA should be on agency letterhead or should include the agency's notice published in the Federal Register.

The second is our notice we would published concurrently. Give me a call on my cell if you have questions – Chris

Chris,

I apologize for not having a better understanding of the logistics and timeline to get to FR publication; but it looks like we need to get moving on your NOA. If you send us your draft by today, we'll work with you to finalize and publish in time to make it in the FR on Friday.

Also wanted to connect you to Kelly and Tom (copied).

Thanks, Rob
