Subject: re: EPA DRAFT Approval of Final Reference Area Workplan Revision 1

Hello Marc/Tony:

EPA is preparing our approval letter for the reference area workplan.

The Water Board staff commented on the earlier version of the Reference Area Work Plan in May 2016 (see attached comment letter). One of the remaining open issues was the reconnaissance mapping that was planned for above the Mine site (see comment #4 in the attached letter). Could you please confirm that this was completed?

Lynda
