Still never heard back from Peri. And I do not know who was there when the meeting plan was made.

Here are 2 references (see attached emails) to the Peri meeting start time I saw:

20160216 1833 AH on Upcoming meetings in NV

Angeles to Enrique on 16Feb saying that Greg was mentioning a 0945 start time

20160218 1838 GL w potential attendees at March 2 10 45 meeting in Yerington

Greg to Angeles on 18Feb with Leo understanding of a 0900 start time

I am thinking that we should plan on 0900.

I just learned from Greg that this is what they are thinking:

9:45- 10:30 am Meeting with Peri, Leo and Dave with EPA

10:45-12:30pm Rest of locals

If we want to meet with others (tribe and YCAG) we could do that in the afternoon. We can schedule those ourselves.

Sounds like Greg isn't going to be part of those meeting as they are trying to keep it low key. I still think it would be useful for Harry or I to be there but if we want to keep it high level, Jared and Enrique would be equivalent to NDEP's plans. As I mentioned, both Harry and I are scheduled to be in NY at the National meeting. Harry had already volunteer to stay to help out with logistics/prep instead of going to NY. I think it is important for me to attend the overall Federal Facilities meeting, specially the portions with DOD but if you prefer that I travel to NV, I can do that. More to come. ...ah
