Gene,

Angeles, Harry and I tried to reach you this morning and wanted to see if we could set up a time with you next week to discuss the March 2 meeting EPA RA Blumenfeld held with NDEP and locals.

Here is my availability next week:

Monday March 14, 10 to 11:30

Tuesday March 15, 9 to noon or 3 to 5:30

Wednesday March 15, 9 to 11:30

I believe Harry has reached out to Dave directly on the meeting to try to figure out what happened there.

Greg

Last week on March 2, Dave Davis drove to Yerington to attend and listen in to the meeting. When he arrived there was no one present. He asked the clerk about the meeting and Dave was told that an EPA meeting was planned and Dave was told that the meeting was only open to "administration". Dave waited outside for an hour and did not observe any attendee's to the building and then drove back to Reno.

Any updates?

Thanks

Gene
