FYI: this is the latest version of the glyphosate Q+A doc. We added one monarch Q back in. And added new Q about the poison papers. I'm going to be out rest of this week and all next week—but I think we are mostly set right now for the glyphosate Q+A

That's correct, only the questions are due this week. You have more time to review the answers.

Hi Khue,

I'm okay with the list of questions. We are working on editing the answers and will need to send them through our management for review. I'm guessing we'll have more time for that now given only the questions are going to the IO on Friday. Is that correct?

Thanks,

Monique

Hi folks,

We just heard from Yu-Ting on this. The Qs (not the answers themselves) for glyphosate need to be sent to the IO on Friday. I'm going to need folks to **review the Qs only for glyphosate** and give me **concurrence by 3pm this Wednesday, 8/16**. I'm out of the office on Thursday and Friday.

At some later point, we will prob circle back and ask you to review the actual answers to the questions.

Thanks,

Khue Nguyen

Subject: glyphosate Q+A for AA confirmation

Hi all,

Management asked us to pull together a Q+A doc for glyphosate in preparation for the AA's confirmation. We updated the older Q+A from fall 2015 and added some new questions on the cancer issue. This version has already been reviewed by Yu-Ting. Please take a quick look and send comments.

Most of the questions pertain to HED and the cancer issue. There is one question about WRM that BEAD should look at. Management wanted some tough questions, so we removed most of the background materials from the older version.

Thanks,

Khue Nguyen
