Subject: article in NCEA clearance: Advancing the Next Generation of Risk Assessment

Hi Tina and Bob. This is a heads up for an article that's going through NCEA clearance now. It follows directly from the 2014 NexGen report and it has no new policy or conclusions that require IOAA clearance, but we wanted to make sure you knew about it.

Tina, you're also getting an email message from STICS about the paper since it's identified as a CSS product. Thanks.

Mary Ross
