Roy, upon further investigation I have found an error with the naming of the file. It is titled 4th quarter Airs report. The data in the file is 1st quarter 2014.. I completed the report right before I had my heart surgery. So I may have had a little to much on my mind at the time and mislabeled it. I am sorry for the troubles and will see about correcting it in AQS.

Can one of you provide me with a brief explanation as to why the Walker River did not enter data into AQS during the first quarter for 2014. Thanks
