DRAFT SAP white paper_OCSPP management review kw sls.docx

Attached are the comments from NTP. Their comments focus on genotox and the NTP section.

They provided some great comments and suggestions for genotox section. I will work on incorporating those revisions this weekend. Many of the comments they provided will go into the study summaries. This will be a big help.

Subject: White Paper

Hi Anna and Greg,

Please find attached my and Kristine's combined comments/edits/suggestions on the genetox-related sections of the White Paper (including the section on formulations), as well as a few comments for Section 7.0.

Please let me know if you have any questions or concerns.

Best regards,

Stephanie
