BLM_to_YPT_Anaconda_DRAFT_gl.doc

Thanks for sending these along Gene. I only commented on the language for the YPT in the attached, but these same comments would apply to the other letter.

It is not clear to me whether BLM is proposing separate consultation from EPA or whether it is intended that the consultation would be joint. It seems to me that BLM and EPA should represent the US Government together on this consultation rather than separately. NDEP would also be available to participate as requested in accordance with our consultation protocols with each of the Tribes.

Greg

Good Morning

Per our call yesterday, here are two draft letters that are being proposed. Harry, has your review or research brought forward any additional insight/info?

Have a great day and weekend
Gene
