DEAR SIR/MAME:

I AM CURRENTLY A PRISONER OF THE STATE OF WISCONSIN AND HOUSED AT THE WISCONSIN SECURE PROGRAM FACILITY (WSPF) LOCATED AT 1101 MORRISON DRIVE, P.O. BOSCOBEL, WISCONSIN

(b) (6) Privacy [redacted]

I AM WRITING TO YOU IN THE HOPE THAT YOUR OFFICE MAY BE ABLE TO HELP IN THIS MATTER!

ALL OF THE "BOX-CAR" LIKE CELLS HERE HAVE A SHOWER IN THE ROOMS. ALSO, THEY ALL HAVE A DRAINEGE/SEWERE1 WHICH IS CAUSING MEDICAL PROBLEMS I JUST BECAME ALWARE OF THANKS TO A PBS SHOW.

THERE IS MOLD IN BOTH THE DRAINAGE & THE VENT BLOWING OUT AIR OVER THE DRAIN. THE DRAINAGE HAS "BLACK MOLD" THAT BECOMES AIR BORN WHEN IT DRYS OUT. . . AND THE VENT OBVIOUSLY HAS MOLD BECAUSE ITS DIRECTLY UNDER THE SHOWER. I HAVE BEEN SEVERELY INJURED BY THESE "SPORES" WHICH HAS RESULTED IN ME HAVING TO USE

(b) (6) Privacy [redacted]

(b) (6) Privacy [redacted] I HAVE NEVER HAD A RESPIRATORY PROBLEM IN MY LIFE. NOW I HAVE TO USE (b) (6) Privacy [redacted] IN ORDER TO BE ABLE TO BREATHE SOMETIMES.

THEY HAVE "FLASH-FLOODS" IN THIS AREA MORE SO THAN ANY OTHER PLACES I'VE LIVED.

PREVIOUS TO THE PRISON BEING BUILT ON THIS PARCEL OF LAND, THERE WERE CORN & OTHER THINGS GROWN - WHICH CALLED FOR THE USE OF PESTICIDES, CONSEQUENTLY, THESE ~~[illegible]~~ CHEMICAL SUBSTANCES WERE ABSORBED BY THE EARTH. MY POINT IS, THERE IS MORE LEAD IRON, ARSONIC, AND OTHER SUBSTANCES BAD ON AND FOR THE HUMAN BODY. THIS IN CONJUNCTION WITH THE ABSORBTION OF DEAD ANIMALS, THEIR FECES, ALL OF THIS ENDS UP IN THE WATER WE DRINK. IF YOU DRINK THE FIRST CUP WHEN ACTIVATING THE "PUSH-ON" BUTTON TO DRINK, YOU WILL GET SICK.

I DO NOT KNOW HOW TO FILE A COMPLAINT WITH YOUR OFFICE, SO, IF YOU'LL PROVIDE ME WITH ONE AND A SELF, ADDRESSED STAMPED ENVELOPE (I AM ON THE INDIGENT LIST) AND CANT AFFORD NOTHING, I CAN FILE IT PROPERLY.

A FEW YEARS BACK, (3) DIFFERENT UNITS FULL OF PRISONERS CONTRACTED THAT "H-POLORIE VIRUS") NOT ME BECAUSE I MAKE STINGERS AND BOIL THE WATER (2) PITCHERS AT A TIME TO DRINK - THEY SALE BOTTLE WATER AND IT COST $0.68¢ PER 12.02 BOTTLE. BUT I THINK ITS THE WATER.

II.

The reasons why I believe its the water in conjunction with the aforementioned additives is because of the calsium build up around the "font," or the mouth of the water fountain. Actually, you can not only taste the clorine, you can smell it.

Living in the room with a sewage system thats uponed in the floor "(see sketch #1 below)"

As you can see from the above sketches, the only difference in the cells at WSPF, at the cells at all the other Shu's is, the sewage in the floor. Even the Shu in Colorado don't have sewage systems in the floors.

Every time I mention this to the staff they will come in a clean the vent as well as the "upper-part" of the sewage system.

However, whenever they do clean it, it stinks up the "whole range"... Obviously, its "raw-sewage!"

IV.

The main reason I'm trying to shut this down is because I'm trying my best to prevent someone from catching "colic" or "Calorid(?)" and dying. I don't want to catch anything. I mean, I've got (b) (6) Privacy as well as (b) (6) Privacy problems, and severely (b) (6) Privacy damages. That would most likely result in my death.

Well, I'd like to mail this off to you - and if I don't drop it in the box myself, at supper, the guards will not pick it up!

Please don't think this is some guy trying to hit a lick against the Wisconsin Department of Corrections (WDOC), I have other ways to do that.

I am a guy thats not ready for the WDOC to take my life and claim natural causes as I've known for them to do - B-4.

Your attention to this matter would be very much appreciated.

P.S. They are violating my civil and federal rights to clean air, and to clean water. If you check, you'll see for yourself.

Very truly yours,
