Anaconda tribal grants

Greg,

Based on our conversation last night, it is clear that there is some confusion regarding the funding EPA awarded to the tribes. You are correct, the information below is what Ginny provided me and includes all the funding they received from us from various programs.

Previously, EPA provided you the attached email that summarizes just the Superfund grant funding provided to them to date.

As we discussed yesterday, we are available to clarify any information about EPA's funding to the Tribes.

Thanks,

Angeles

Angeles,

This is last I could locate from you on this. As you can see the attached spreadsheet includes all funding not just Anaconda oversight. Please let me know if there is additional previously sent.

Follow up email coming.
