Subject: Bristol Bay - request for help reading public comments

R10 technical team:
When the public comment period on the draft Watershed Assessment closes on 7/23, we will have a relatively short period of time to summarize the comments received for the peer review panel prior to their July 7-9 meeting. We are hoping to have some folks "on call" to be able to take some of the technical comments and provide a summary. If you are available the weeks of July 23 and 31 and can spend some time reading and summarizing comments, please let me know and we'll add you to the "on call" list.
Thanks!

Sheila M Eckman
