"is there a need for attorneys?", that's quite a philosophical question :)

Regardless of where I ended up on that question, we will have at least one Office of Regional Counsel attorney present, maybe two. It's up to you, but you may want David there.

Thanks Brian. One more question. Is there a need for attorneys? I would like to let Dave Hacker know if he should attend, so he can make arrangement.

Thanks,

Mike

Brian,

There are no issues with your intern participating in the meeting. Also, did you get my second e-mail proposing new dates for August? We had an internal misunderstanding on availability. The dates we would like to propose for August are August 23 or August 24.

Thanks,
Mike

Mike:
Thanks. I hope to reply to you soon with dates.
On another issue, we expect to have an engineering intern participate in this upcoming meeting. This is fairly common practice and he'll just be observing, but we like to give the company fair warning. Please let me know if you object to our intern's participation.
