Looks good, Rebecca.
My only suggestion is not abbreviate Anaconda Mine Site to AMS.
No one is familiar with an acronym for the Site.
Or, you could just shorten it to Anaconda, or Anaconda Mine.

Thanks,
Jeryl

I made a few changes to the workplan (separating Remedial and Pre-remedial into separate tasks) and aligned the budget accordingly. The increase in the amount of the budget over last year is due to the increase of workload expected from the AMS and Pre-remedial work.

Please see attached.
