20170714 Anaconda cultural vs test pits.pdf
20170714 Anaconda Mine Site Exploration Letter.pdf

Hi Dave and Dante,

Just thought you might like to know that ARC/Copper team/Broadbent received approval from BLM this week for Anaconda borrow pit investigations.

Attached are a map showing the sample locations and the request letter from July 2017.

This will potentially answer some of the pre-RI/FS questions for one or more OUs, as well as help determine appropriateness of borrow material for various closure units (CMUs).

Let me know if you have any questions.

Thanks,

Jeryl
