EPA Collated Response to Anaconda OU1 RAO Tech Memo 2016 Apr 5.pdf

Dear Technical Stakeholders,

Thank you for your input on scheduling the Anaconda OU1 FS conference call.

Based on your responses it looks as if Tuesday June 7 from 1030 AM to Noon is the only match. Please hold this date and time on your calendars while I confirm with Atlantic Richfield whether this date and time works for their team.

Best Regards,

David A. Seter, P.E.

Subject: ***RSVP Dates for Anaconda OU1 Groundwater FS Technical Conference Call

To Members of the Anaconda Technical Stakeholder Group,

To continue progress on the Feasibility Study (FS) for OU1 Groundwater we are looking to schedule a call to discuss threshold issues regarding Remedial Action Objectives.

Specifically we are looking to discuss:

Draft Initial Screening of Remedial Alternatives, December 2, 2015 (ARC/Brown and Caldwell)

EPA Collated Comments on the RAO TM, April 5, 2016 (EPA) (attached)

This discussion will be used to set the stage for a future face-to-face FS working session (TBD) Please note that this is different from the face-to-face technical meeting scheduled for June 29 which will be on RI topics (more details to follow).

Please reply with your availability for an OU1 FS conference call at the following dates and times:

Monday June 6 ..... 1030 AM – Noon
