Thanks for the clarification. Camilla will likely be the key participant in a meeting so getting her availability would be good.

Do you have a call in number or would you like me to send mine?

We will try to work our further in that meeting what avenues are available for you at EPA and perhaps delve into the transition process so that we can ensure it is as smoot as possible.

I'm available at 11.

Camilla - can you join a call at 11?

Hi Jack,

We had a meeting yesterday afternoon and it was decided that it would be preferable to hold a joint meeting with our staff, FDA and your group here at EPA as opposed to a call. There are obviously many balls in the air and many questions such that a face to face would be more helpful for all sides concerned. Can you chat briefly at 11 am today? We can try to look for a time soon that works for the majority of folks.

Thanks

Chris

Cindy Douglas, CC'd here, can help find a time in my schedule. I would like Camilla Beech to participate as well.

Jack,

We can set up a call soon I am sure. I'll touch base with Elizabeth tomorrow and see what schedules permit. I am not aware of anyone from BPPD heading to Atlanta for the meeting, but always possible others in upper management may consider it as there is a larger group which tries to keep its finger on the pulse so to speak.

I'll be in touch!

Chris

Chris,

I have a question about the regulatory path for Oxitec related to transition of jurisdiction. Are you and or Elizabeth available for a short call?

Also will EPA be present at CDC Zika meeting in Atlanta February 27-28?

Thanks,
Jack
