OK - if we need to get to Ed, he appears to be in on Friday so we could set something up. Something via email would work as well.

The briefing memo still keeps being sent back for changes. i have spent a lot of time the last day and today trying to get the memo just right. Bob plans to send it up again tomorrow, but i am not sure at what point it will go up for signature rather than getting edits and getting sent back. Apparently the sign off process is more intense than it used to be - not wanting light bush settlements through. I'll do what i can to get a good product out there, but then we need them to just get the process moving (Ed might be able to help with that).

Lodging next week would be most excellent. What is Jim referring in his statement to Bob? Is this the OECA sign-off process? Ed K. is going to be in DC next week (Monday) for a national priority meeting. Is there anything we would like him to do while he is back related to SG?

Excellent news. I am aiming to lodge at the end of next week. (Assuming we get the Illinois signature page, which may or may not be a good assumption. Don't be last, Bob.

Now we are all done, except Illinois. We'll keep our fingers crossed that it comes soon.

Katie,

Please find attached ODEQ's signature to the Settlement Agreement. Who else do I need to send it to? Do I mail a copy to Jim or does he need the original?

Hi Trevor -

Do you have an estimate for when things will be done? I am not trying to rush you, just trying to get a sense of timing.

It is in our process for getting the CO signed. I will let you know as soon as it is signed.

Thanks,

Trevor

Hi -

I hope you all had a good thanksgiving. I wanted to check on the status of the SG signature from OK. We only have a few states left and I want to get this wrapped up soon, if possible. Let me know if there is anything I can do to help.
