Yes, that's fine. Does 2:30 eastern/1:30 central work for you? Who will be joining you on the call?

Thanks,

Ilana,

We are still working on pulling together the draft Administrative Record. It mostly contains documents such as the Notice of Federal Interest, the OSC's Pollution Report, Photo Logs, the reports to the National Response Center, the MSDSes supplied by your client, and the sampling report done by our START contractor – all of which are or will shortly be publicly available (I'm checking with the OSC to see what has been finalized and what is still in draft form). Once I've confirmed that these are finalized, I can forward them to you. Are there any documents or factual recitals in particular that you have a problem with or want to see?

Regards,

Sheila McAnaney

Sheila,

Nice speaking with you on Friday. Two preliminary questions so far. Paragraph 9 refers to an "Administrative Record." Would it be possible for Grant and me to have access to that? Second, are you able to identify the documents or other information that support the factual recitals in Paragraph 8?

Thanks,

Ilana

Ilana and Granta,

As per my voicemail for Ilana, I have attached a proposed AOC for your client, Statoil USA Onshore Properties Inc. Please let me know if you have any questions or wish to discuss it further. I have also sent a hard copy via certified mail.

Have a nice weekend and I look forward to hearing from you.

Kind regards,
