Mark, due to the weather, our FedEx with the CD that went out on Monday was stuck in Memphis for a few days but we have confirmed that it is now in Philly and will be delivered to EPA this afternoon. I guess we should never underestimate mother nature! Best, Brooks

Mark,

Dominion's supplemental response to EPA's CWA 308 Information Requirement includes a transmittal letter with the required certification, a narrative response to request #31, and a CD containing the relevant, supporting materials. This email contains everything but the CD. The complete initial response, including CD, is being delivered by overnight mail for your receipt tomorrow.

Please feel free to contact me with questions.

Best, Brooks
