Hey Virginia,

My apologies on the phone call, I attempted to reschedule for Friday but should have been clearer that today was off. I'm going to reschedule again, as obviously we need you for the call; will you be available Monday?

Hi Justin

Per my discussion with you earlier today, R5 tried calling into the conf. call number that you gave us at 1:30 PM (CST) and got Fax Tones. I called your regular number and left a voicemail message to let you know that you had given us a wrong dial-in number. I haven't heard back from you. Ken is out of the office tomorrow and I am out of the office on Friday. Please keep R5 in the loop when determining the date/time for the OFA/R3/R5 call to discuss the Rover Pipeline. Maybe sometime next week?

Thank you,
