Scott,

The link below will get you to Scribe – EPA's data management database tool for emergency response work. If you have problem's accessing it, let me know. You can download the software here as well:

https://www.epa.gov/ert/environmental-response-team-information-management

Also – we'll follow up on Ex. 6 - Personal Privacy data with VT. Here is our sampling summary site for reference: https://www.epa.gov/flint/flint-water-sampling-objectives . The "Technical Assistance" tab will have the health/rash data as soon as its releasable.

Ben – I have a call into DEQ about the Ex. 6 - Personal Privacy situation; and, am following up with Miguel for a discussion later next week.

Thanks,

Mark
