Hi again everyone,

Jeff and I have 17 more documents we want to include in this production. These are documents that had been released previously, but upon further review we noticed some things were incorrectly redacted as "deliberative." These redactions have now been removed.

Attached are 2 PDFs: (1) the set of 17 additional documents with the incorrect redactions removed ("awareness draft 2"), and (2) the set of documents I circulated yesterday—note I have not yet incorporated anyone's edits to these but will do so before they are released.

I'd still like to keep the noon Wednesday (tomorrow) deadline on this if possible. If this is going to be a problem for anyone please let me know.

Thanks!

Cheryl

Hi all,

I am circulating, for your awareness, a PDF containing documents ORD plans to release as its 7th rolling production in response to the FOIA request from UCS on hydrofracking: EPA-HQ-2015-008592. This set of documents will potentially be the final set.

Deadline for comments is Wednesday, Aug. 31, at NOON. If I do not hear from you by then, I will assume you are ok with this production.

Thanks,

Cheryl
