Subject: RE: gw results for Tower Standard

Thanks Bob. Didn't go hunting this year as my wife and her family planned thanksgiving down in Florida and we were down there for a week. While I missed the time in the woods, it sounded pretty cold and quiet up here. That and I was wearing shorts and flip flops which was nice…

Tower – we have the well installation, development, sampling (low flow) and surveying completed. We are in the process of completing all the paperwork on the forms and I just received the first half of the well sampling results. I will tabulate and disperse after I have received all the data. If there is anything else I can do, please let me know.

Thank you,

David N. Larsen P.G

Subject: gw results for Tower Standard

Hi Dave,

Hope your holiday season is going well and that you had a chance to go deer hunting.

Do you know when the gw sampling results will be back for Tower Standard?

Thanks.

Bob
