Thank You Sherry,

Any work on the QAPP that we spoke about this morning. Bob and I have also spoken about the QAPP (or lack thereof) earlier this week.

Kristen

Larry and Dee,

I wanted to send this information to you that we just received. Kristen was copied on this already. We will be reviewing this now.

Bob

Attached is the latest version of the proposed scope of work, Greer has requested a number of changes which are being worked on by REI. We were hoping to receive those by now but haven't. The changes are minor in nature. There are no planned changes to the drilling locations identified on the maps Greer will be in the present during field work and empowered to make changes to the work plan based on site conditions. The Department authorized work in the PECFA approval letter to REI.

Based on the latest correspondence with REI it appears as if drilling will start at 10 a.m. on Monday September 14th. Please let me know if you have any questions.

We are committed to service excellence.

Visit our survey at http://dnr.wi.gov/customersurvey to evaluate how I did.
