OK, thanks Bob, that makes sense. After I hit Send on the original message, I checked schedules for John Robinson and Judy Fassbender and realized that they are already tied up in another meeting on Thursday morning, too. Maybe I should've checked that first…

Hi Chris,

I am available for the call.

I think the possibility of my managers being available is unlikely until after this month with the end of our fiscal year coming up. It would probably be best if they can work to schedule a time for themselves, which may need to be outside of our call time due to their schedules. My supervisor, Sherry, is out this week.

Subject: Tower Standard Technical Group Call - September 22

Good Morning:

I see that we have a technical group discussion scheduled for this coming Thursday (September 22) at 8 AM. Here are some possible agenda topics:

- MIP/HPT results interpretation/presentation from Cascade
- Status update on additional MW installations by Bristol
- USGS groundwater/surface water study update
- Update on recent LIF work
- Initial remedial planning steps

- Schedule revisions

Also, since we had to cancel the August call, and that call was supposed to include the quarterly management briefing, I'm suggesting that we request our respective management folks to join us after our scheduled call this week. I think we have much to catch up on.

Please let me know your thoughts as soon as you can so that I can reserve a call-in line. Thanks.

We are committed to service excellence.
