Kristen,

Our attorney, Erik Olson, is working on a letter which we hope to send soon.

My understanding of the upcoming meeting with WDNR is to discuss locations for monitoring well placement, and I hope also to discuss soil results from the recent sampling. Our own data is not yet back from the lab but should be by the proposed week for the meeting (10/19).

Bob

Good Morning Bob,

When we last spoke you were working on Larry's message to Margaret regarding EPA correspondence to the Kozak's. Has any correspondence occurred? It is difficult to respond to this vague state meeting without EPA's role asserted to the responsible party.

I don't know anything other than what the notice said. I just got it this morning (from last night) and also saw that Judy was the only participant so far. Unfortunately it does not list the recipients of the notice so we can't see who has been invited.

Good Morning Bob,

The doodle poll shows 1 participant, Judy Fassbender WDNR. What do you know about this meeting and whom are the participants?
